

This PH balanced formula helps break down excess cuticles in seconds and contains moisturizing Almond Oil to help condition and soothe sensitive cuticles. Great for manicures and pedicures. Instantly softens cuticles. No soaking required.

Elim Cuticle Remover

WHAT MAKES ME DIFFERENT?

The Elim Cuticle Remover has high actives that dissolves cuticles in seconds making it easy for removal. It not only removes cuticles but added oils protect and nourish the cuticle to avoid dryness.

WHAT ARE MY ACTIVES AND BENEFITS?

- **Sodium Hydroxide** - the active to break up unsightly cuticles for easy removal.
- **Cetyl Alcohol** - allows for great spreadability.
- **Sweet Almond Oil** - is a natural skin conditioner to soften the cuticles.

HOW MANY TREATMENTS DO I GET FROM EACH PRODUCT?

Professional Usage:

- Apply liberally where the skin meets the nails and use a cuticle pusher to push the cuticle back.
- Contains enough product for up to 80 treatments.
