

Private Sessions with Peter Woodbury

Peter Woodbury will be staying on in Seattle after the program. He will be conducting private sessions in Past Life Regression & Soul Contact. You can visit his website: peterwoodbury.com and go to products and services – recommended listening - and hear a 30-minute interview on the nature of his work.

Sessions last 1 1/2 hours and cost \$200 in cash or check. As session involves the use of hypnosis to move from the everyday conscious mind into the unconscious soul mind. The soul mind is the store house of all you have ever been. As you cross "behind the veil", so to speak, you can obtain a past life memory experience, contact with the deceased, an in between life experience, contact with guides and/or entering healing states of consciousness.
