3.  MINUTES OF PREVIOUS MEETING HELD ON 5TH FEBRUARY 2019

RESOLUTION: Cllr Brickell proposed that the minutes of the Parish Council meeting held on 5th February 2019 as circulated by the Clerk be signed by the Chairman as a true and accurate record of the meeting, this was seconded by Cllr Hambly-Staite and was carried unanimously by the meeting.

4.  DECLARATIONS OF INTEREST
Cllr Andrew gave the following statement:- “I (Cllr Andrew) declare an interest in planning matters related either directly or in proximity to my land and property in Feock. For the public record, I am an employee of Cornwall Council working in the Place Shaping team. I have been advised by the Monitoring Officer that as a Parish Councillor I have no personal interest in the Neighbourhood Planning Agenda and related issues. However, if during the course of discussions issues are discussed of which I have a personal involvement it may be appropriate to leave the meeting and take no further part in the debate and for it to be recorded in the minutes. I am currently seconded part-time to the Ministry of Housing, Communities and Local Government and due to this declare an interest in Item 12 Planning”.

5.  PUBLIC PARTICIPATION
There was one member of the public present who had come to speak about Item 12 Planning Committee report on the item of the Emergency Tree Preservation order. He was very pleased that the Emergency Tree Preservation Order had been put in place as he felt this was very important to protect our countryside.

It was agreed to bring forward Planning item 12 to enable the resident to listen to the discussion.

12.  PLANNING COMMITTEE REPORT
Emergency Tree Preservation Order
Cllr Alvey advised that he understood the Emergency Tree Preservation Order had been put in place on land known as The Stitch on the Old Tram Road in Devoran. The deadline for consultation was 13th March. Cllr Kemp said that the Parish Council was very keen to see trees protected and this was covered in our Neighbourhood Plan policies. Cllr Hambly-Staite suggested that the possibility of a tree survey being commissioned for the whole parish be put on the next Access & Amenities Committee agenda for discussion. It was agreed to put this on the next Access & Amenities Committee agenda.

There were concerns raised that when trees were removed although a condition was placed on the approval that they would be replaced this was not always monitored or enforced by Planning.

It was agreed to bring forward Item 13 Climate Change Emergency.

13. CLIMATE CHANGE EMERGENCY
Cllr Andrew made the following proposal:

1. Feock Parish Council declares a climate emergency
2. Set up a climate change working party that includes stakeholders, people with an interest and partners (not a formal committee)
3. The working party is tasked with undertaking an audit on our impact on climate change and the impact of climate change on us as a parish
4. The working party engage with residents and stakeholders to put together a costed action plan within 6 months to inform the 2020/21 budget setting process.

It was accepted that the definition of a Climate Emergency was an internationally recognised declaration being used globally by Councils and other Local Authorities, predominantly in the UK, Australia and the USA, the publicly declare concern over the IPCC’s findings which recognises the adverse global impact of the changing climate. The declaration also serves as a commitment to take urgent action and aspire towards carbon neutrality.

The proposal was seconded by Cllr Thomas and carried with 8 in favour and one abstension.

The Clerk would investigate the costings for an audit to be carried out of the Parish Council’s business to ensure it worked in an environmentally friendly way.

The Chair commented that she read through the Surfers Against Sewage toolkit and felt this was applicable to businesses and could form part of the action plan.

6. CLERKS UPDATE ON MATTERS ARISING FROM PREVIOUS MINUTES
Feock road sweeping
Cllr Hambly-Staite said there were still some banks of leaves on the King Harry Ferry Road that needed removing, as well as on the lane leading to Trevilla Road. The Clerk would contact Biffa to request additional sweeping.

Bissoe Road pavement
The clerk advised that revised plans for the pavement had now been received from Cormac and been considered by the Access & Amenities Committee.

Pengelly Meadows recreation area land transfer

Payments for approval since the last meeting totalled £34,600, this included £16,142 for the installation of the 20mph zone in Devoran, plus £9,972 for highways improvements in Carnon Downs. A grant of £420 had been paid to St Feock Church as a contribution to the churchyard maintenance. It was noted that there had been a discussion as to whether Devoran and St Feock Churchyards were ‘living churchyards’ which helped to promote biodiversity, the Clerk would investigate.

10. LOCAL WARD REPORTS
Feock
Cllr Hambly-Staite said that some of the roads have been swept of leaves but others still needed attention. There was a large drain near to Trevilla House that needed unblocking.

Cllr Blake has replaced the aluminium cast footpath sign that had been repaired and this has been re-sited on the path near to the park.
Cllr Freeman said that a stile was broken near to Trevallion Park, the Clerk said she was aware of this and that it had been reported to Cornwall Council for them to arrange for the landowner to repair this.

Cllr Hambly-Staite said that Trevilla Hill was closed this week for works and apparently the bus company had not been notified of this. The Clerk had contacted Cornwall Council to establish what the procedure was for closing a road. Cornwall Council advised they had notified the bus company of the road closure by letter and signs were also displayed on the roadside. The Clerk advised that she monitored planned roadworks via the roadworks website and Cornwall Council would also notify her as well.

It was expected that if there were to be changed to the speed limit on the road to Trelissick, as part of the National Trust’s proposed new access works, that the Parish Council would be consulted and able to give their views. The Chair would write to Trelissick to enquire as to progress with their proposals for the speed limit changes to the road.

Devoran
A van has been parked on the bus stop on the old A39 down towards the cycling car park and this had not moved for a number of weeks, and this was obstructing the bus stop.

Concerns had been raised by a member of the public in relation to the gap in the newly installed yellow lines on Quenchwell Road as they felt this had created a parking place. The Access & Amenities Committee has requested the Clerk find out the cost of having the lines joined up. The Clerk advised that this would require the whole consultation process to be gone through again and this would cost in the region of £5K. It was agreed that this cost was prohibitive and that a Councillor would speak to the residents of the house where the gap in the lines was and suggested we put up a No Parking sign on their wall to discourage people parking there.

FAST Project
The project team was made up of Cllrs Johnson, Brickell and Hambly-Staite, any other Councillors were welcome to join this team. It was agreed for Cllr Allen and Thomas to also sit on this team. Some Community Speedwatch sessions had been held in the parish but there were difficulties with getting the Police to approve new sites, this was down to staffing issues.

With regards to the road between Carnon Gate roundabout and Old Carnon Hill crossroads, Cllr Brickell has been investigating works that would be required to widen this road. The Clerk advised that a feasibility study would need to be commissioned from Cormac to enable improvement works on this stretch of road to be considered.

Local Transport Scheme
A meeting had been held with our Volunteer drivers and also representatives from Gwennap Parish Council as they were interested in setting up their own scheme. The scheme was unfortunately no longer covering its costs and it was agreed to increase the recommended donation for each trip by 50p. The Clerk would write to all users of the scheme to advise them of this increase.

Community Library
The Book Group continued to meet in the library on the first Monday of the month and a Story session had been run by a Duke of Edinburgh volunteer from Penair school which was very well received.

Connect Newsletter
A copy of the newsletter was circulated to everyone present and this would be delivered to all dwellings in the parish by the middle of March.

16. PILOT TRADING STANDARDS PROTECTION AREA
Cllr Alvey said that Trading Standards had done some work in Carnon Downs as there had been a number of instances of rouge traders and cold callers. In other areas of the country there were ‘no cold calling’ zones. Cornwall Trading Standards would like to set one up in Cornwall as a pilot for this and have suggested Carnon Downs for the pilot. This would involve leafleting door to door and signage on the lamp posts when you enter the zone. It was hoped this would discourage rouge traders and cold callers. These leaflets would also make it clear to people how they can report rogue traders or cold callers. Cllr Brickell has been out delivering leaflets with the PCSO over the last few days. It was noted that the example ‘Buy with confidence booklet’ was a national project and would not currently be rolled out here.

17. CORNWALL COUNCIL POLLING DISTRICT & POLLING PLACES REVIEW
