

# The Alpha Psi Alumni Spotlight

## Matt Dunn

**Nickname: Streaker**

**Pledged: Spring '08**

**Graduated: 2011**

### What's he up to now?

Since graduating in 2011, Matt has been very involved in the pharmacy community. He currently works at Kaiser Permanente inpatient pharmacy in Fresno, as well as per diem for Community Medical Centers. Matt asserts that both settings have been gratifying experiences and he enjoys being able to see two different aspects of pharmacy.

### Biggest Accomplishment Post-Grad

Since graduation, Matt has acted as Treasurer for his local chapter of the California Pharmacist's Association. He also has been integral in the founding of Phi Delta Chi's newest chapter, Delta Gamma.

### As a Colony Coordinator of Delta Gamma

Over the past year, Matt has been working alongside alumni brothers such as Ralph Saroyan and Michael Conner, in establishing a Phi Delta Chi chapter at CHSU in Clovis, California. Delta Gamma Chapter was recently initiated on September 12th, 2015. The idea started when the new pharmacy school was being built, and they saw the opportunity to start a PDC chapter. The most rewarding part of the experience for Matt has been passing on his experiences and knowledge to the new brothers. He has enjoyed meeting everyone and showing them what PDC is all about.

### After Initiation

Now that Delta Gamma has been initiated, Matt plans on acting as a close advisor—offering advice for the brothers and mentoring them when needed.

### Advice for our Brothers

For the recent graduates, Matt's advice is to never give up on pursuing your goals. If you know what type of pharmacy you want to be in, keep actively searching and working towards it. Even if you don't get there right away, you will get there eventually if you keep trying. As for the rest of our brothers, Matt advises to never take the little moments for granted. School is ultimately our priority, but the memories we make along the way will last a lifetime.

*Thank you for sharing Matt! We are so proud of your accomplishments!*
