

WILLOW_{RV}

LET YOUR JOURNEY BEGIN

Our Acacia range of Willow RV camper trailers are a reflection of our design philosophy of quality and innovation. The Acacia will be your compact home away from home, delivering generous space and convenience.

At Willow RV, we understand that unpredictable weather and extreme climates across Australia means that our camper trailer owners are looking for a sanctuary away from the elements as much as a way to be closer to nature, and that's why we put as much care into our interiors as our exteriors.

Offering you great value and easy running, our camper trailers are light and low, quick to set up and easy to enjoy. Including all the essentials you and your family will need for a comfortable and fun-filled holiday, you'll love our vast range of standard options, with all the creature comforts of home!

With a Willow RV camper trailer all you need to do is park, wind the roof and extend the beds, then sit back and enjoy your family holiday. With the flexibility and convenience of a Willow RV Camper, you can wake up to a new and exciting view every day. Experience travel freedom with everything you need for a great family break.

CONSTRUCTION

Our camper walls, floors, roofs and furniture are all machined using the latest Computer Numerically Controlled technology. We take pride in our focus on the details and exceptional functionality within every design. Combined with our tough and lightweight composite internal cabinetry material, your new camper is durable and looks great thanks to our modern and fresh interior designs!

CHASSIS DESIGN

With a fully submerged galvanised coating protection Chassis, our campers offer a strong yet light frame. Combined with our AL-KO off-road brake magnets and electric brake system, you can be confident that you will travel safer and get where you need to go on Australian roads.

CUSTOMISABLE

Even with all the great inclusions as standard, that doesn't mean you can't add even more luxury to your camper trailer. Dreaming of air-conditioning for those hot summer nights, or solar panels to power your free camping fun, possibly even an external slide kitchen with a fridge and awning light for dining outside day or night? Make your dreams come true and customise your camper trailer to the envy of everyone at the park!

SAFETY & SECURITY

As travellers ourselves, we understand the importance you place on feeling safe and protected while travelling, that's why we put a lot of effort into the security of our camper trailers. From our quality side canvas, to our Australian approved gas and electrical compliance and market leading suspension and braking systems; ensuring your safety on the road is our priority.

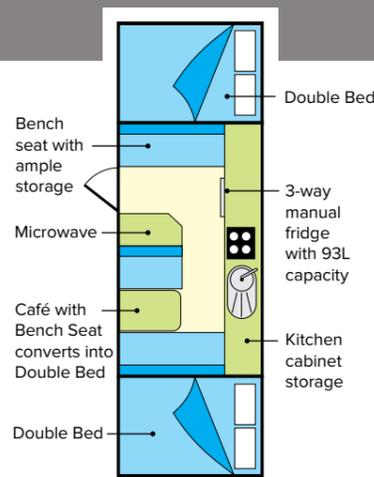

With Willow RV, you are more covered than ever with our 1-year warranty on all aspects of the camper trailer manufacture and assembly - standard across our entire camper trailer range!

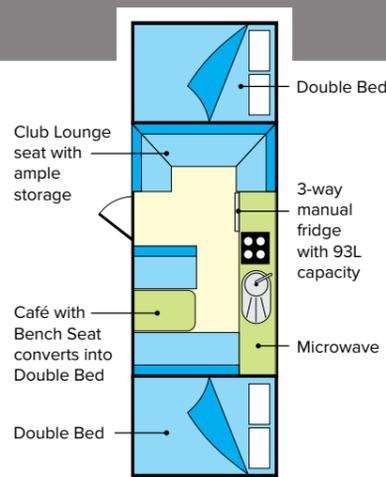

From the moment you register your brand new Willow camper trailer, we have you covered, so let your journey begin and enjoy the peace of mind that a Willow RV camper trailer offers. For all parts and servicing requirements, please call your nearest Willow RV Dealership.

A Willow RV camper trailer is designed purely for your enjoyment while travelling and is outstanding value for money, being one of the most highly competitive camper trailers available on the market. Our standard inclusions are often offered by others as paid extras, but we like to go the extra mile for our valued owners. Attention to detail in every single camper trailer we deliver, means you get the highest quality camper for your hard earned money, which translates to less time servicing and repairing, and more time travelling with the family.

ABOUT WILLOW RV

We are a 100% Australian owned company, with our manufacturing facility located in Pakenham, Victoria. We are proud of our over 45 years of combined experience in the research, development and production of recreational vehicles, and we go out of our way to pay attention to what our owners want! Taking the great ideas and feedback of current customers, consulting camper trailer experts and listening to serious travellers is how we shape the innovative features and standout quality of the entire Acacia range.

WILLOW RV EXPERTISE

The Willow RV camper trailer range has been developed by experienced design engineers. Utilising the latest 3D computer technology that can fully assess for ergonomics, stress points and feasibility, our camper trailers are built tough to meet Australian conditions.
