

## MEMBERS BULLETIN

24th July 2020

Dear All,

I hope you are well.

A quick note and in case you have time for a retweet or two today (Friday 24<sup>th</sup> July 2020).

Today's the day that Mr Danny Kruger MBE MP reports back to the Prime Minister on his proposals to ['sustain the amazing community response to Covid-19'](#).

[We've provided a response](#) but think the most useful step would be for the government to recognise that smaller charities aren't by definition a geographic, community or neighbourhood entity but can instead be small national charities like the vast majority of our members. Specially as they provide such great support to people with rare and less common cancers and by doing so taking some of the pressure from our NHS.

Please do [retweet our tweet this morning](#) that says:

*@danny\_\_kruger please in your response today to @10DowningStreet help govt recognise the important role that small national charities like our members play in supporting the NHS and people with rare and less common cancers. Small doesn't necessarily mean local.*

Many thanks.

Jane Lyons
