

## MEMBERS BULLETIN

23rd June 2020

Dear All,

### \*\*\* Patient Survey Special & Updated Shielding Q&A \*\*\*

Thanks to the many of you who joined the call yesterday morning – smiley faces finally emerged from a pervasive start of the week gloom ...

Since then you should have already had two emails on the shielding announcement, but there is another update below.

But we also promised you sight of the numbers of people who had completed the [survey](#) so far so you could hopefully encourage others to do so if you are near but not on the 20 people entry point for further data breakdown. So [here](#) is the chart, the survey closes next **Monday 29<sup>th</sup> June**. Do let us know of progress! Don't forget that if we top 20 patients with a particular cancer type we can split the data out and let individual charities have it.

### Shielding information update

Since our last email on Monday afternoon (22<sup>nd</sup> June) there has been a reissue from DHSC on the Q&A on shielding. It was annex C on yesterday's communication, and it has been suggested that we should use the [updated one](#) as it gives information on where to redirect people to sources that will always be accurate and up to date about employment law and welfare support regulations.

## Finally...

If you need further info on all of this, please do [let us know](#).

Many thanks.
