

# GRIZZ-e-MON GO

The school tour powered by fun (and augmented reality). #GWgreats

*This is Dr. G holding a Grizz-e-mon egg. Be sure to scan the egg in Aurasma to free what's inside!*

## Directions:

1. Download the app called Aurasma.
2. "Follow" the Greenwood Elementary channel in Aurasma.
3. Once you're following our channel, you are ready to play.

**Can you free them all?!** We want your child's tour to be fun and informative! Our school mascot, Grizz, needs your help. If you see a Grizz-e-mon egg in our school, simply point your Aurasma viewfinder at the egg to free the character inside.

Your child can play for fun, or your tour guide can help you post pictures of the Grizz-e-mon characters you've rescued on our school's hashtag on Twitter (#GWgreats).

**Hint:** *There are at least 10 Grizz-e-mon eggs at Greenwood. Be sure to look for eggs in the Main Office, gym entrance, and near our fleet of Mobile MakerSpaces in the Media Center.*
