PREFACE

This volume follows on from the previous one, hence the same introductory pages but while it dealt with prefixed material, this one deals with suffixed material plus grammar, in the form of tenses, articles etc.

By the way, for all of your thinking English or indeed any language makes total sense – no it doesn't. This is because style means superfluous words are added to sentences for effect, just as silent letters appear in words to no effect, except to confuse the learner.

INTRODUCTION

The material in this book is a mixture of common written and spoken forms in English, mainly clichés. Some of the clauses stand alone as complete sentences, however small, others need to be connected to other words to make sense (phrases).

The layout also teaches sentence construction through uniting these odd phrases and clauses, plus odd words. It also teaches word order and how this can affect meaning as in “Enough said?” versus “You’ve said enough!”

I – love – red – trousers

You – like – green – shirts

We - hate – hard – hats

Think of the *vertical* variations as being like a fruit machine – you pull the handle, the wheel spins and new variations are created through the combination (I, you, me etc).

Sentences are composed of *horizontal* lines across a page, with variations and combinations that can replace words within it, indicating time and place etc. (past, present and future tenses as well as conditionals like could, would, should etc). The structure is also made up of verbs, nouns, adjectives and articles. Commonly, short sentences can start off either with personal pronouns as above (I, you, him, her, it, we, they and other variants) or interrogatives if questions (who, how, why, when, where, what etc).

Combinations of words are like parts added onto single words (suffixes and prefixes) in that they modify the meaning of the message conveyed (create a different code). This is how words can confuse because we try to make sense of them based on an earlier configuration. Instead of doing this, we need to make sense of them based upon the present arrangement: Note also how certain forms of a word are used only with certain other words, to denote particular meanings (**be** happy / **been** ill / you’re **being** silly). Even words and phrases can have multiple meanings and like individual words that change (grammatically) through additions, so new words tacked on to phrases, can alter meaning as well.

Television and films as well as radio, show how tone of voice can convey meaning easier than written word forms (“That’s funny” can be literal or when used with a quizzical expression, can mean ‘odd’). The former two mediums can also display meaning through gesture, which wireless alone cannot express.

In this volume I also start introducing idioms, which I hope to cover in depth in the next book.

‘Living German’ by Buckley, has the right approach to language learning in my opinion because it is a simple build up of form and sentence structure (grammar / vocabulary), unlike most other methods that come in at too complex a level.

Lastly, I would like to thank Collins dictionaries for their simple format as it has allowed me to find and arrange suitable material for my own approach to language acquisition, quickly and efficiently (The Oxford English Dictionary is fine for scholars, out to research the roots of particular words but it carries too much information for the novice, when it comes to teaching purposes).

CONTENTS

3	Preface
4	Introduction
7	Suffixed Material
78	Grammar
102	Index

SECTION ONE:- SUFFIXED MATERIAL

Give off	What is it?	What's the time?
Kick off	Who is it?	One at a time!
Shut off	When is it?	In due time
Get off!	Where is it?	Tea time!
I'm off!	Do it!	High time
Gone off	Shoot it!	In time
Head off	Kill it!	No time
Shoot off	Isn't it?	By the time
Start off	Don't judge it	Do time
Post off	I like it!	For a time
Send off	Mix it	Just in time!
Right off	Make it	Long time
Write off	I can't make it	Pass the time
Log off	That's not it	Call time
Sign off	That must be it	At that time
Turn off	Forget it	All in good time
Far off	Stop it!	Do you have the time?
Sound off	Quit it!	Is that the time?
Chew off	Shut it!	That's the last time
Bite off	Touch it	Time after time

I'm good	Long-hand	Oak tree
It sounds good	Short-hand	Shoe tree
Very good	An old hand	Tea tree
All well and good	I've cut my hand	Yew tree
You're good!	Gloved hand	Fir tree
It might be good	Play a hand	Fruit tree
That's good	Rotten hand	Up a gum tree

Nice girl
 Ugly girl
 Fat girl
 Good girl!
 Bad girl!
 Local girl
 Friendly girl
 Pretty girl
 Beautiful girl
 The dead girl
 She's my girl
 Little girl
 Big girl
 Quiet girl
 She's some girl!
 Charming girl

Get in
 Get a look in
 Be in
 See in
 He's in
 Are you in?
 It's just in
 I'm in
 All-in
 He's not in
 Rub it in
 Kick it in
 Shut in
 Cut in
 Throw in
 Chuck in

Little sign
 Big sign
 No sign
 Railway sign
 Traffic sign
 Road sign
 Warning sign
 That's a bad sign
 That's a good sign!
 Just sign!
 For sale sign
 There's no sign
 Shop sign
 Pub sign
 Some sign
 Smoke sign

On the floor
 First floor
 Second floor
 Top floor
 Ground floor
 This is my floor
 Take to the floor
 Dance floor
 Wet floor
 Solid floor
 Stone floor
 Wooden floor
 Cement floor
 Tiled floor
 Slippery floor

Red wine
 White wine
 Rose wine
 Bottle of wine
 Glass of wine
 Fine wine
 Sparkling wine
 Dessert wine

 German wine
 Spanish wine
 Italian wine
 Vintage wine
 Young wine

Come again
 Once again
 Start again
 Do it again
 Go again
 Right again!
 He's up again
 He's down again
 It's that time again
 Home again
 In again
 Not again!
 We're lost again
 Late again

Up around	It's mine!	Special education
Turn around	It's not mine	Private education
Down around	Be mine	Secondary education
In around	Do mine	A good education
Get around	Fill mine	Grammar school education
Hop around	He's mine!	Higher education
Jump around	She's mine	College education
Dance around	It's mine	University education
Muck around	You're mine	Further education
Knock around	It's mine, all mine!	Adult education
Shoot around	Coal mine	Poor education
Right around	Gold mine	Basic education
Pass around	Silver mine	No education
Cut around	Diamond mine	In education
<hr/>		
Blue eyes	Look me in the eye	Please go!
Brown eyes	Black eye	Don't go!
Green eyes	A roving eye	It's got to go!
Almond eyes	Glass eye	He's got to go
Red eyes	My good eye	You should go!
Dead eyes	Blind in one eye	Just go!
Sad eyes	Pleasing to the eye	My go!
Tired eyes	It caught my eye	Right, go!
Bloodshot eyes	Cut above the eye	You go!
Tear filled eyes	Cut below the eye	Your go
Tear stained eyes	We don't see eye to eye	It's all go
Frightened eyes	Poked in the eye	Always on the go
He didn't have any eyes	Shot in the eye	Time to go
Soulless eyes	Hit in the eye	Why not go?

At sea	Done in secret	Radio signal
All at sea	Can you keep a secret?	Hand signal
By the sea	In secret	Railway signal
Under the sea	Top secret	Traffic signal
In the sea	It's our secret	Await my signal
On the sea	It will be our secret	Short signal
Sail on the sea	What secret?	Long signal
Float on the sea	Share a secret	Smoke signal
Swim in the sea	Be secret	Weak signal
Mediterranean sea	Do it in secret	Strong signal
Aegean sea	It's no secret	No signal
Black sea	It's not secret	Poor signal
North sea	Meet in secret	I can't get a signal
Caspian sea		
<hr/>		
Charge across	Foreign army	Small area
