---

Dear parents and players,

I hope that this letter finds you healthy and well. Normally at this time of year, we would be gearing up for rep team tryouts and our planning for our house league would be in full swing. However, these are anything but normal times.

As an executive, our number one priority is the health and safety of our players, families, coaches and volunteers. We have made the difficult decision to pause all basketball operations until January, 2021. This decision was not taken lightly, but we feel that at this point, given the direction of Ontario Basketball and Ontario Public Health, the risk of running any programming outweighs the benefits sought.

Over the coming weeks, we will be putting together some fun challenges for our players to do on their own to stay healthy and active. Follow us on Facebook and on Instagram to participate.

As always, don't hesitate to reach out if you have any questions or concerns. Stay safe, stay socially distant and be kind to each other.

Sincerely,

*Rob Garden*
