

## IMPORT CLEANING AND WASHING PRODUCTS TO DENMARK – WHAT TO NOTICE

### LEGISLATION

Regulation - requirement regarding chemical control, labels...: you have to make sure your suppliers could meet these requirements. It is the FIRST thing to ask! Beside the quality and chemical control requirement for product itself, the suppliers should have international quality certificates for their production/factory, organic certified certificate, especially it should be EU registered. Please read here:

In Danish: has more detail information

<http://mst.dk/kemi/kemikalier/regulering-og-regler/faktaark-om-kemikaliereglerne/vaske-og-rengøringssmidler/>

<http://mst.dk/kemi/kemikalier/regulering-og-regler/gode-raad-til-smaahandlende/>

In English

<http://eng.mst.dk/chemicals/chemicals-in-products/legislation-on-chemicals/>

### TAX

Here you can check the tariff if you have product name: <http://www.toldpriser.dk/>

Tax issues: pls contact your local tax authority – SKAT, send an email to them with detail information first (inclusive of HS code of your product) and make an appointment so that they could give you more concrete advice and answer: <https://www.skat.dk/>

### INTERNATIONAL TRANSPORT

International transportation, logistic: pls contact DSV <http://www.dk.dsv.com/> or Panalpina

<http://www.panalpina.com/www/dnk/en/home.html> They could give you advice regarding freight, transportation and required document for shipping your products from Nepal to EU/Denmark

### LOCAL TRANSPORT AND LOGISTIC WORKS IN DENMARK

Logistic/storage: you may need to check the requirement where you may store your products in Denmark. In case you have to use a logistic company to store your product and send products to your end-users when you sell online, you have to find such a logistic company.

Pls contact <http://dansk-e-logistik.dk/> if you would like to check price and how it works

### ACCOUNTING

You can manage your own accounting without much knowledge in accounting. Pls check these services:

<https://dinero.dk/>

<https://www.e-economic.dk/>

### FORUM FOR START UP IN DENMARK

You can find a lot of useful information and get professional advices here:
