Session 1.F. Private Information Games (Room: Edifer, Floor 2)
Contributed Session

“A Belief-based Theory for Private Information Games”, Marco Serena (Max Planck Institute, Munich)

“Aggregate Information and Organizational Structures”, Dongsoo Shin (Santa Clara University), Gorkem Celik (ESSEC), Roland Strausz (Humboldt Univ Berlin)

Session 1.G. Cooperative Games and Collective Decision (Room: Santander, Floor 3) Contributed Session

“Denial and Alarmism in Collective Action Problems”, Manuel Foerster (University of Hamburg), Joel van der Weele (University of Amsterdam, Tinbergen Institute)

“Unrestricted Bargaining Experiment on Three-person Cooperative Games”, Yukihiko Funaki (Waseda University), Taro Shinoda (Waseda University)

11:30 – 12:00 Coffee Break (Atrium)

12:00 – 13:00 Itay Goldstein (Wharton School of the University of Pennsylvania)

“Global Games and Financial Fragility: Foundations and A Recent Application”

Room: Aud. 4, Floor 1

13:00 – 14:30 Lunch (Salão Nobre, Floor 4)

14:30 – 16:30 Parallel Sessions 2

Session 2.A. Networks 1 (Room: Anf.1, Floor 4)

Session Organizer: Ana Mauleon

“Network Formation with Myopic and Farsighted Players”, Chenghong Luo (Universite Catholique de Louvain and Ca'Foscari University of Venice), Vincent Vannetelbosch (UCLouvain) and Ana Mauleon

“Integration in Friendship Networks with Myopic and Farsighted Agents”, Ana Mauleon (Université Saint-Louis and CORE, UCLouvain), Chenghong Luo (UCLouvain) and Vincent Vannetelbosch (UCLouvain)

“Absorbing Sets in Network Formation with Myopic and Farsighted Players”, Vincent Vannetelbosch (University of Louvain), Ana Mauleon (University of Louvain)

Session 2.B. Banking 1 (Room: lapmei, Floor 3)

Session Organizer: Ettore Panetti

“Model Secrecy and Stress Tests”, Basil Williams (New York University), Yaron Leitner, (Olin Business School, Washington University in St. Louis)

“Bank Resolution and Public Backstop in an Asymmetric Banking Union”, Anatoli Segura (Bank of Italy),

“Real Effects and Real Indeterminacies of Open Market Operations”, Francesco Carli (Deakin University), Pedro Gomis-Porqueras (Deakin University)

Session 2.C. Auctions 1 (Room: 306, Floor 3)

Contributed Session

“Knowing What Matters To Others: Information Selection in Auctions”, Nina Bobkova (European University Institute / Bonn University)

“Collusion via Information Sharing and Optimal Auctions”, Olga Gorelkina (University of Liverpool)

Session 2.D. Matching 2 (Room: CTT, Floor 3)

Contributed Session

“Existence of a Stable Outcome under Observable Substitutability across Doctors in Many-to-Many Matching with Contracts”, Keisuke Bando (Shinshu University), Toshiyuki Hirai (University of Toyama)

“Centralized Course Allocation”, António Romero Medina (Universidad Carlos III de Madrid), Matteo Triossi (Univ. de Chile)

“General Properties of Lexicographically and Constrained Maximal Allocations.” Takashi Akahoshi (Nanzan University), Yoichi Kasajima (Waseda University)

Session 2.E. Microeconomic Theory 1 (Room: Delta, Floor 3)

Contributed Session

“Symmetry, Mutual Dependence, and the Weighted Shapley Values”, André Casajus (HHL Leipzig Graduate School of Management)

“Differential Symmetry, Symmetry, and Differential Marginality for TU Games”, Takumi Kongo (Fukuoka University)

Session 2.F. Experimental Economics 1 (Room: Edifer, Floor 2)

Contributed Session

“Dictators in the Field: The Private Moral Calculus of Economic Agents”, Subrato Banerjee (Queensland University of Technology), Bharat Ramaswami (Indian Statistical Institute)

“Preferences, Beliefs, and Strategic Plays in Games”, Rene Levinsky (Economics Institute, Prague), Rudolf Kerschbamer (University of Innsbruck) and Jianying Qiu (Radboud University Nijmegen)

Session 2.G. Preferences, Uncertainty and Risk (Room: Santander, Floor 3)

Contributed Session

“Committees as Active Audiences: Reputation Concerns and Information Acquisition”, Bauke Visser (Erasmus University Rotterdam), Otto Swank (Erasmus University Rotterdam)

“Happiness in the Finite”, Priyanka Kothari (Indian Statistical Institute, Delhi)

16:30 – 17:00 Coffee Break (Atrium)

17:00 – 19:00 Parallel Sessions 3
--

Session 3.A. Experimental Economics 2 (Room: Anf.1, Floor 4)

Session Organizer: Alexander Coutts

“Relative Performance Feedback and Confidence Snowballing”, Zahra Murad (University of Portsmouth), Chris Starmer (University of Nottingham)

“Everyday Econometricians: Selection Neglect and Overoptimism when Learning from Others”, Kai Barron (WZB Berlin), Steffen Huck (UCL, WZB); Philippe Jehiel (UCL, PSE)
