“BSides means community, conversation, content, and career...”
BSides is a community built on interesting conversation, unique content, and ample career opportunities and guidance.

Join the community, engage in conversation, and don't miss an opportunity to discover the Next Big Thing!

You'll meet over 400 members of the InfoSec community and perhaps connect with your newest client or next employee!

To get involved email us at sponsors@bsidesden.org

Why Support BSidesDEN?

Are you in search of real professional security enthusiasts? They may not answer your phone calls or read your emails, and they might think that Facebook is an invasion of privacy and too insecure. They don't follow you on Twitter, and they don't go to mainstream, media driven security conferences!

If you want to reach real, live security pros and enthusiasts, the best place to find them is at Security BSides events. Security has reached top of consciousness with the entire IT sphere and the bigger world beyond. More and more new men and women are joining the ranks of information security professionals. More people and organizations are interested in the next new thing in security. Cutting edge research, collaboration, and new conversations with some of the best minds of the industry are some of the highlights of BSides events.

Now you can reach this highly sought after audience and participate in the BSides experience. By becoming a BSidesDEN sponsor, you can make a solid investment in your own brand that will not only further the goals of BSidesDEN, but enable the betterment of the security community as a whole.

We seek to partner with sponsors who want to reach our participants on their level, in a manner that has proven effective. We have designed sponsor programs that are in harmony with the BSides ideal, and which will enhance your standing among this very important and influential audience. We have programs geared for larger security organizations, while also acknowledging the valuable contributions of smaller sponsors who are such an important part of BSides.

We are also flexible and willing to listen to any great ideas that you may have about how to make your sponsorship of BSidesDEN more valuable to your organization and enhance our participants' experience. So please be creative, share your ideas with us, and most of all, know that we will humbly thank you for your sponsorship - without which, BSidesDEN would not exist.

= Team BSidesDEN =

Education! Communication! Collaboration!

What is Security BSides?

Each BSides is a community driven framework for building events for and by information security community members. The goal is to expand the spectrum of conversation beyond the traditional confines of space and time. It creates opportunities for individuals to both present and participate in an intimate atmosphere that encourages collaboration. It is an intense event with discussions, demos, and interaction from participants. It is where conversations for the Next Big Thing are happening.

BSides was born in 2009 when a number of quality speakers were rejected from a mainstream conference not due to lack of quality but rather lack of space and time. Our mission is to provide people with options by removing common conference barriers and by providing more options for speakers, topics, and events.

2009: Launched in Las Vegas, NV with ~100 participants in a rented house

2010: Denver hosts the 6th official BSides event

2011: BSides goes global with events in Europe, UK, Australia and Africa

2012: The BSides movement celebrates 50 events

2014: More than 160 BSides events, in 74 cities, in 16 countries, on 6 continents

2015: BSides Vegas celebrates their 6th Anniversary, with over 200 global events

2016: BSidesDEN incorporates and receives their 501(c)(3) status

2017: BSidesDEN hosts their first event as a Non-Profit, Educational Organization

Thousands of people have attended and many have written about their experience at BSides events. Read more at <http://www.securitybsides.com/w/page/19532810/Media>

While every BSides event is unique, here are some things that don't change:

- Community organized, volunteer driven, and sponsor funded
- Provides a forum for expanding the spectrum of conversation
- Focused on giving a voice to the "Next Big Thing"

Security BSides is a Global Community, here are resources for more information:

Security BSides Global portal <http://securitybsides.com>

To request a Sponsorship Agreement or more information regarding joining us in fulfilling the BSides Mission reachout to sponsors@bsidesden.org

"It's the most interactive community building event in information security..."
