TERMS & CONDITIONS

Furniture Classics has been importing fine handmade antique reproductions and cutting edge designs from around the world since the 1980s. We share over 3 decades of experience in the furniture industry with two family generations involved in the business. We display an unparalleled commitment to our business and customers. From antique buying trips throughout Europe to frequent factory inspections, we stay on the cutting edge of new product and quality control. If you need further information about us, please give us a call at 757-627-4844 or toll free at 888-325-7888.

ABOUT OUR PRODUCT

We design and manufacture many products as antique reproductions, giving them an old world, classic feel. Our wood species include cherry, elm, mahogany, oak, pine, alder and teak. We source from our partner factory in Indonesia and from designated factories in China. Furniture Classics' owners and managers frequently travel to oversee quality control and work with vendors on the improvement of construction and refinement of design.

In addition to our assortment of antique reproductions, we also offer a wide selection of reclaimed and earth friendly designs. These unique pieces of furniture incorporate a variety of recycled timbers. We use a combination of antique doors, old flooring along with old pine support beams. These materials are assembled in their natural state and may be susceptible to additional cracking and/or splitting. This is the inherent nature of using recycled materials and is to be anticipated. We cannot warrant against these natural characteristics.

We design and finish our furniture in order to maintain a certain distressed and antiquated look. Traditional joinery and hand construction techniques are used by individual craftsmen making our products. As such, variations in dimension and/or finish are to be expected. Solid wood furniture is affected by humidity and atmospheric pressure, so it continually responds to its environment. Some splitting, cracking, warping, or other movement of wood components may occur. All of these factors are non-structural and are part of achieving the authentic nature and emotional appeal of our product.

Additionally, some of our products are actual refurbished antiques. Antiques will vary in size. All of these items are subject to cracking, warping, and inconsistent coloration. We consider these expected and authentic characteristics of such product and Furniture Classics cannot be responsible for these conditions.

CONTAINER DIRECT PURCHASES

Your Sales Representative can discuss the option of buying direct from one of our overseas factories. We aggressively discount container direct orders allowing the dealer to realize net "landed" savings of greater than 25% beyond our best domestic wholesale pricing. We have a dedicated Account Specialist who services container direct orders in our office, facilitating a turnkey transaction for the dealer.

The advantages of purchasing container direct are many: significant savings, arrival of your order in one complete shipment, low minimums, ability to customize finishes and the ability to purchase discontinued SKUs that are no longer part of our domestic warehouse program.

NEW ACCOUNTS

New accounts must complete and submit an "Account Maintenance Form" available online or in the rear of this booklet. Initial orders may not be processed until this information is submitted and approved. We are a trade only company and only deal with qualified accounts. An invoice showing the items we are delivering along with freight charges and any other related charges will be emailed or faxed to you at least 24 hours prior to delivery. It is imperative that an email address be provided for this purpose. We accept company checks, cash and Visa/MasterCard/American Express. Credit card payments must be arranged with Customer Service prior to delivery and may be subject to a 1% convenience fee (1.5% for American Express). Fuel surcharges, as recommended by the US Department of Transportation, and as adopted by the trucking industry, may be applicable. Some common carrier shipments may be shipped "freight collect" at our discretion. Common carrier shipments that do not make "minimum freight" will be charged the carrier's minimum rate fee. We will make every effort to combine existing backorders in an effort to avoid minimum freight charges. Western US Freight Cap: For US dealers west of the Mississippi River, a \$1000 minimum re-order is required to receive a guaranteed freight cap. Please contact your sales representative for additional details.

RESIDENTIAL "IN HOME" DELIVERY

Goods are shipped from Furniture Classics to a third party receiver, who will schedule the delivery with the consumer (or you, per your request). Delivery is generally performed by a two person team, typically in a 20 foot box truck with a lift gate. Furniture is delivered to the room of the consumers' choice, which may be up or down one flight of stairs. If the cartons cannot fit through the consumer's door, the order will be delivered to the first covered area (such as a porch or garage). The delivery team will unpack and remove debris, and may provide up to 15 minutes of very light assembly, when applicable. The delivery team will provide the consumer with a checklist to sign, confirming that the delivery was satisfactory and the furniture is in good condition. Please note, if the consumer signs the paperwork, with no notations, confirming that the delivery was acceptable and the furniture was received in good condition, Furniture Classics is absolved of any responsibility for claims. Please advise the consumer to inspect the goods thoroughly before signing the paperwork, and if there are concerns at that point regarding damage to the furniture, the consumer may note this on the paperwork itself, or refuse the delivery altogether. If the consumer refuses delivery due to buyer's remorse, delivery charges remain your responsibility.
