We share over 3 decades of experience in the furniture industry with two family generations involved in the business. We display an unparalleled commitment to our business and customers. From antique buying trips throughout Europe to frequent factory inspections, we stay on the cutting edge of new product and quality control. If you need further information about us, please give us a call at 757-627-4844 or toll free at 888-325-7888.

ABOUT OUR PRODUCT

We design and manufacture many products as antique reproductions, giving them an old world, classic feel. Our wood species include cherry, elm, mahogany, oak, pine, alder and teak. We source from our partner factory in Indonesia and from designated factories in China. Furniture Classics’ owners and managers frequently travel to oversee quality control and work with vendors on the improvement of construction and refinement of design.

In addition to our assortment of antique reproductions, we also offer a wide selection of reclaimed and earth friendly designs. These unique pieces of furniture incorporate a variety of recycled timbers. We use a combination of antique doors, old flooring along with old pine support beams. These materials are assembled in their natural state and may be susceptible to additional cracking and/or splitting. This is the inherent nature of using recycled materials and is to be anticipated. We cannot warrant against these natural characteristics.

We design and finish our furniture in order to maintain a certain distressed and antiquated look. Traditional joinery and hand construction techniques are used by individual craftsmen making our products. As such, variations in dimension and/or finish are to be expected. Solid wood furniture is affected by humidity and atmospheric pressure, so it continually responds to its environment. Some splitting, cracking, warping, or other movement of wood components may occur. All of these factors are non-structural and are part of achieving the authentic nature and emotional appeal of our product.

Additionally, some of our products are actual refurbished antiques. Antiques will vary in size. All of these items are subject to cracking, warping, and inconsistent coloration. We consider these expected and authentic characteristics of such product and Furniture Classics cannot be responsible for these conditions.

CONTAINER DIRECT PURCHASES

Your Sales Representative can discuss the option of buying direct from one of our overseas factories. We aggressively discount container direct orders allowing the dealer to realize net “landed” savings of greater than 25% beyond our best domestic wholesale pricing. We have a dedicated Account Specialist who services container direct orders in our office, facilitating a turnkey transaction for the dealer.

The advantages of purchasing container direct are many: significant savings, arrival of your order in one complete shipment, low minimums, ability to customize finishes and the ability to purchase discontinued SKUs that are no longer part of our domestic warehouse program.

RESIDENTIAL “IN HOME” DELIVERY

Goods are shipped from Furniture Classics to a third party receiver, who will schedule the delivery with the consumer (or you, per your request). Delivery is generally performed by a two person team, typically in a 20 foot box truck with a lift gate. Furniture is delivered to the room of the consumers’ choice, which may be up or down one flight of stairs. If the cartons cannot fit through the consumer’s door, the order will be delivered to the first covered area (such as a porch or garage). The delivery team will unpack and remove debris, and may provide up to 15 minutes of very light assembly, when applicable. The delivery team will provide the consumer with a checklist to sign, confirming that the delivery was satisfactory and the furniture is in good condition. Please note, if the consumer signs the paperwork, with no notations, confirming that the delivery was acceptable and the furniture was received in good condition, Furniture Classics is absolved of any responsibility for claims. Please advise the consumer to inspect the goods thoroughly before signing the paperwork, and if there are concerns at that point regarding damage to the furniture, the consumer may note this on the paperwork itself, or refuse the delivery altogether. If the consumer refuses delivery due to buyer’s remorse, delivery charges remain your responsibility.

DELIVERY

In stock: 2-4 Weeks                        Non-Stock: 8-10 weeks (estimated)

We make every effort to maintain inventory on our product line. Due to the nature of importing and our volume of business, this is not possible on all items. Please allow longer for newly introduced items. Your order will ship as it arrives and may not be complete. If you will not accept partial shipment, you must notify us on each order. Any items you do not receive will be placed on backorder and ship as it arrives in our warehouse. Backorders are not subject to minimum freight, provided the original order met our freight minimums.

We ship our product on specialized furniture carriers. Your invoice cover sheet will indicate the carrier delivering your order. All deliveries must be to a business address. Customers must have good access and we must be able to get a 40’ articulated vehicle within close proximity to the delivery point. Drivers are unaccompanied and in the case of larger pieces, will require assistance unloading.
DAMAGES & DEFECTS
At the time of delivery, all items must be inspected for damages. Concealed damages must be reported, via email with pictures, within 72 hours of delivery. You have the following options: Provide us with a written estimate of the cost to repair. If approved, we will issue a credit good for one year from the date of issue to your account in the amount specified in the estimate. If you wish, we can pick-up and exchange the item at no charge to you. These returns are subject to mutual inspection and if found not to be factory defective, nor damaged, then restocking or replacement charges could be applicable. A return authorization (RA) will be issued by our customer service department. A copy of the RA must be affixed to the return shipping carton. Items that are damaged must be returned with all parts and/or broken items in its original packing, prepared for shipping. We reserve the right to refuse items that are not returned complete. Any credit due is posted to your account and credit memos will be supplied upon request. All credits expire one (1) year from date of issue. We do not issue refunds.

Orders delivered to receivers must be inspected prior to leaving their facility. We cannot be responsible for any damages or defects that occur after our delivery. Any charges incurred for pick up or redelivery are solely the customer’s responsibility.

RETURNED MERCHANDISE
We strive to accommodate customer needs. In the event a valid order is refused or returned by a customer, we reserve the right to charge a 25% re-stocking fee plus applicable freight charges. Custom cushions and upholstery are non-cancellable.

WARRANTY
All merchandise is accepted under the terms and conditions contained in this document. All items are sold AS IS without any warranties either express or implied. Damages will be handled according to the terms and conditions set forth above and at Furniture Classics’ sole discretion.

DEFAULT
Acceptance of goods constitutes agreement to our terms and conditions. Should the accepted goods remain unpaid for ten (10) days after delivery, or ten (10) days after dishonor of payment, Furniture Classics, retains the right to reclaim the goods. If Furniture Classics, at its sole option, chooses not to reclaim the goods or if the goods are unable to be reclaimed, the unpaid invoices are subject to eighteen (18%) percent interest per year until paid in full. In addition, you agree to pay attorney’s fees in the amount of twenty- five (25%) percent of the amount due and all collection costs.
