PRODUCT DATA SHEET

CORE LITE 120

PRO GRIP

CRINKLE LATEX GLOVE

A flexible general-handling glove combining a seamless 13-gauge nylon liner with a rough crinkle latex palm. The breathable open back, secure knit wrist and textured coating support comfortable, confident handling.

EN 388	LINER	PALM
2131X	13 GAUGE	CRINKLE LATEX

PERFORMANCE ADVANTAGES

- **Crinkle latex grip.** Rough-textured palm and finger coating supports secure handling in dry conditions.
- **Flexible 13-gauge liner.** Seamless nylon construction follows natural hand movement for everyday dexterity.
- **Breathable comfort.** Uncoated back allows airflow to help reduce heat build-up during extended wear.
- **Secure knit wrist.** Elastic cuff helps keep the glove in place and limits entry of loose debris.
- **Practical everyday protection.** Lightweight coated design suits repetitive general materials handling.

IDEAL APPLICATIONS

Construction / Warehousing / Gardening & landscaping
Maintenance / Packing / General materials handling
