**PRODUCT DATA SHEET**

## CORE FLEX 220

# FLEX GRIP

## MICRO-FOAM NITRILE GLOVE

A lightweight 15-gauge general-purpose glove combining a flexible nylon and spandex liner with a micro-foam nitrile palm. The close fit, breathable back and high dexterity support precise, comfortable everyday handling.

| EN 388 | DEXTERITY | LINER |
|---|---|---|
| 4131X | LEVEL 5 | 15 GAUGE |

## PERFORMANCE ADVANTAGES

- **High abrasion resistance.** EN 388 Level 4 performance supports durability during repetitive handling.
- **Touch-screen compatible.** Operate compatible phones and devices without removing the glove; Dexterity Level 5 supports fine control.
- **Micro-foam nitrile grip.** Flexible palm and finger coating supports controlled handling in dry conditions.
- **Second-skin flexibility.** Fine 15-gauge nylon and spandex liner follows natural hand movement.
- **Breathable working comfort.** Uncoated back and secure knit wrist support airflow and a stable fit.

### IDEAL APPLICATIONS

Assembly / Manufacturing / Warehousing / Maintenance
Packing / Automotive / Gardening / General handling
