Pilot designed. Flight Crew tested.
Once again, we’re changing the way pilots and flight attendants prefer to travel.

When a Northwest® 747 pilot, Robert Plath, put wheels on the first rolling vertical carry-on bag in 1987, travel changed forever. The Original Rollaboard® gave birth to Travelpro, now renowned for innovation, quality and customer satisfaction. Today we continue at the forefront of engineering excellence with our latest 12-piece collection, Flight Crew 4. Once again, we have developed luggage with one goal in mind: to make the demanding lifestyle of airline professionals easier.
Removable, sealed ball-bearing wheels ensure the flawless performance. Tested over uneven terrain, the high-impact inline skate wheels can also be easily replaced with a standard screwdriver.

I-Beam extension handle with stops at 38” and 43” ensure a comfortable roll for users of different heights. Strong enough to support a multipurpose tote and lunch tote, this telescoping handle system has been tested over 15,000 cycles.

Molded ergonomic TPR grip ensures comfortable handling during your trip.

Protective crash-guard wheel housing and rubber skid guards provide extra durability on high-wear points.

Ergonomic zipper system features extra-large, high-strength zipper pulls and self-repairing nylon coil zippers to ensure effortless and secure opening and closing.

Tough, extra durable and abrasion-resistant 1682D ballistic nylon with water-repellent DuraGuard™ coating provides an upscale and stylish look.

Durable Polyurethane Honeycomb Framing system provides exceptional durability while keeping luggage lightweight.

Convenient carry handles on three sides make for easy lifting into storage areas. Neoprene pads add comfort to grips on low-profile top and side handles.

Molded bottom cup is easy to grip, but also adds stability to Rollaboards in an upright position.

Add-A-Bag clip-in strap and J-hook provide carrying and balancing options for additional totes.

Convenient back pocket expands a full 2½” to give you maximum packing flexibility.

A padded laptop pocket gives you easy access to your notebook, files and flight manuals, without adding bulk or size to the luggage.
Sealed ball-bearing inline skate wheels ensure the smoothest of rolls and long lasting durability. Performance tested over uneven and rugged terrain, these high-impact wheels can also be easily replaced with a standard screwdriver.

Protective crash-guard wheel housing and rubber skid guards provide durability on high-wear points.

Abrasion-resistant ballistic nylon with water-repellent DuraGuard™ coating provides extra durability.

I-Beam extension handle with stops at 38" and 43" ensure a comfortable roll for users of different heights. Strong enough to support a multipurpose tote and lunch tote, this telescoping handle system has been tested over 15,000 cycles.

Molded ergonomic TPR grip ensures comfortable handling during your trip.

Durable Polyurethane Honeycomb Framing system provides exceptional durability while keeping luggage lightweight.
The ultimate pilot’s bag.

A pair of handy zippered side pockets can store electronic cables and last minute items for pilots on the go.

Exterior polyurethane framing system and all-screw construction provides exceptional durability while keeping luggage lightweight.

Tough, extra durable and abrasion-resistant 1682D ballistic nylon features water-repellant DuraGuard™ coating.

Roomy 2½" expansion capability adds packing flexibility while keeping slim profile.

High-impact, sealed ball-bearing wheels ensure the flawless performance. Wheels can be easily replaced with a standard screwdriver.

I-Beam extension handle stops at 38” and 43” to ensure a comfortable roll for users of different heights. Tested over 15,000 cycles, the handle is strong enough to support multiple totes.

Molded ergonomic TPR grip ensures comfortable handling.

Protective crash-guard wheel housing and rubber skid guards provide extra durability on high-wear points.

Ergonomic zipper system features extra-large, high-strength zipper pulls and self-repairing nylon coil zippers.

Molded bottom cup is easy to grip, but also adds stability to Rollaboards in an upright position.

Low-profile top/side handles allow luggage to be rolled through a narrow aisle without being obtrusive.

Aptly named The Pilot Rollaboard, this lightweight 22” carry-on is built to withstand a lifestyle of heavy-duty travel.
City Tote has a built-in padded computer sleeve, plenty of pockets and packing room for last minute items.

Rolling Overnighter is a versatile multipurpose tote on wheels, features a business organizer, laptop sleeve and roomy packing compartment.

Multipurpose Tote offers one large compartment with business organizer, laptop sleeve and easy storage for personal items.

Flight Tote opens into two roomy compartments, complete with a business organizer, laptop sleeve and enough space to pack all the essentials for an overnight trip.

Totes for every trip.
FEATURES AND BENEFITS

OVER THE LONG HAUL
• 1682D Ballistic nylon fabric with water-repellent DuraGuard™ coating provides stain, water and abrasion resistance for greater durability
• Polyurethane Honeycomb Framing system provides exceptional durability and keeps luggage light
• High-impact, sealed ball-bearing inline skate wheels ensure the smoothest of rolls and long lasting service
• Removable wheels can be replaced with a standard screwdriver
• All-screw construction allows the luggage to be easily taken apart for repairs
• Ergonomic, extra-large zipper pulls and self-repairing nylon coil zippers ensure effortless and secure opening and closing
• Rubber skid guards, protective molded wheel housing and multiple corner guards protect against potential damage during travel

ON THE MOVE
• Detachable Add-A-Bag strap and J-hook provide multiple options for hands-free carrying of extra bags
• Ergonomic extension handle with TPR grip and multiple stops at 38” and 43” ensure a comfortable roll for users of different heights
• Extra-wide handle I-Beam tubes provide stability and enhanced durability when attaching totes and cases
• Low-profile top/side handles allow luggage to be rolled through a narrow aisle without being obtrusive
• Integrated bottom handle grip provides stability when luggage is expanded
• Hidden ID holder provides notification if lost, combined with privacy of personal information

PACKING MADE EASY
• Fully insulated compartments in large and small lunch totes keep food/beverages hot or cold
• Removable suiter system and roomy 2½” expansion capability on 22” Rollaboard allow clothing to remain wrinkle-free when packed
• Easy access front pockets store newspapers, magazines, jackets and last minute items
• Padded laptop pocket compartment on Rollaboards is integrated into full length front pocket for easy access to your computer
• Expandable, double-zipped back pocket on Rollaboards provides easy access for last minute items such as manuals, jackets, magazines, and more
• Extra-wide adjustable hold down straps keep contents secure

Heavy-duty insulated and waterproof lining keeps sandwiches warm and drinks cold wherever you are, from the terminal to the cockpit.

Popular lunch totes come with double-zipped pockets and comfortable shoulder straps.

Ballistic nylon fabric features water-repellent DuraGuard™ coating for extra durability.

---

**LIMITED LIFETIME WARRANTY**

Congratulations! You have purchased the finest luggage available. This T-Pro® Luggage Collection by Travelpro® gives you total confidence and is supported by a comprehensive warranty against defects in materials and workmanship.

In the unlikely event that a problem occurs with your luggage as a result of a defect in materials or workmanship, we will repair your bag (or replace it, if repair is not possible) at our expense. Simply contact Customer Service at 1-800-741-7471 to locate the nearest repair facility. Then send your luggage, freight prepaid, to the repair facility along with a copy of your proof of purchase.

This warranty covers defects in materials and workmanship but does not cover wear or damage caused by abuse, mishandling, accidental damage, inappropriate selection, or carelessness caused by an airline or other common carrier.

In the course of normal handling, your luggage may suffer abrasions, minor cuts, scratches, dents or soil. Certain component parts such as wheels, bumper feet, leather, etc., will show wear. This wear is not covered under the warranty. Travelpro will provide prompt refurbishment services at a nominal cost. This warranty gives you specific legal rights, and you may also have other rights which may vary from state to state.

Note: Please examine your luggage carefully for damage before leaving the airport and immediately report any damage to the baggage service center of the airline on which you traveled.

DAMAGE CAUSED BY THE AIRLINE IS THE AIRLINE'S RESPONSIBILITY. COMPENSATION MUST BE CLAIMED FROM THE AIRLINE AT THE TIME DAMAGE OCCURS.

By not following this procedure, you risk that the damage will not be covered under airline policy or Travelpro’s warranty. If you are dissatisfied after making your baggage claim to the airline, please contact: Aviation Consumer Protection Division, US Department of Transportation C-75, 400 7th Street, SW, Room 4107, Washington, DC 20590

Should you have questions about your luggage, or need repair service, call Customer Service at 1-800-741-7471. For more details on our warranty, see warranty registration inside your luggage or visit travelpro.com.

Note: For professional flight crews, duration of limited warranty is 3 years.
Visit travelpro.com for colors, sizes, detailed photos and more.
