## **M2S Electronics to announce the opening of a new sales office in Montreal**

M2S is pleased to announce that it opened a new sales office in Montreal, Canada.

The opening of this office in downtown Montreal is a natural and geographically strategic step necessary to support the development of our products and services in this dynamic region with a high percentage of businesses in M2S' key industries, such as Transportation, Energy, HVAC, Medical and Automotive. The addition of this sales office is also significant because of its proximity to our American customers.

With its location on three continents: two plants in Quebec, a sales office in Montreal, Canada, combined with production capacity in China and United Kingdom, M2S Electronics is listening to its customers.

### **About M2S Electronics**

Founded in 1981, M2S Electronics is a global leader in the design and assembly of electromechanical & electronic integrated systems. Our Savoir Faire, particularly in Transport, Energy, HVAC, Automotive and Medical industries, allows to provide our customers services based on two important words: Partnership and Value-added.

The satisfaction of our customers and the implementation of our Customer Experience program are part of everyday life.
