

Campbell University Community Care Clinic NEWSLETTER

Campbell University Faculty, Staff, and Students Fundraise in Support of the CUCCC.

Students and faculty in the health professional programs at Campbell University volunteer their time not only to serve at the Campbell University Community Care Clinic (CUCCC) each week, but also to coordinate fundraiser events. Through these planned activities, the CUCCC is able to raise money so that the clinic volunteers can continue to provide free healthcare to the residents of Harnett County.

On Saturday, August 6, students, faculty, and members of the community came to Campbell University's running track to participate in the second annual Camel's on the Run 5k and Kid's Half-Mile Race sponsored by CUSOM interest groups.

Before the 5k race, the eighty race participants readied themselves at the starting line while the children waited on the sidelines to participate in their own race which followed the 5k.

Camels on the Run 5k Leadership Team

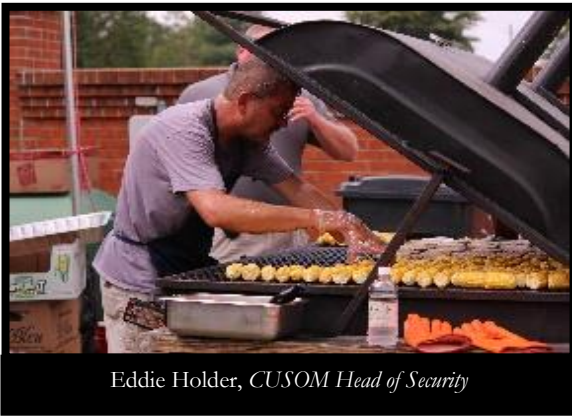

Left to Right: *Katherine Gushanas, Katie Prosser, Franklin Jones, Aakash Patel, Garrett Stang, Cora Scruggs, and Erin E. Clark*

The following Campbell University interest groups worked together for the Camels on the Run 5k: Student Association of the American College of Osteopathic Family Physicians, Student Association of the American Osteopathic Academy of Sports Medicine, Student American Academy of Osteopathy, Student Association of Military Osteopathic Physicians and Surgeons, Student Association of the American Osteopathic Board of Obstetrics and Gynecology, and the Pre-Student Osteopathic Medical Association.

A special thank you to the following sponsors of the Camels on the Run 5k:

Fleet Feet, The Mason Jar Tavern, Sunni Sky's, Sno-Daze, Nonna's Italian Restaurant, The Mill, Road ID, Hogan's Pharmacy in Lillington, Hibachi & Company, Broad Street Deli & Market in Dunn, Carlie C's IGA, and American College of Osteopathic Family Physicians.

The CUSOM Family Medicine Interest Group would like to thank the residents of the Southern Regional Area Health Education Center and Harnett Health Family Medicine Residency Programs.

Eddie Holder, CUSOM Head of Security

First overall was second year medical student, Michael Holcomb, (17.21 min) for the men’s division and Harnett County resident, Laura Berry, (19.09 min) for the women’s division. Family members and 5k participants eagerly watched and cheered as the children raced with ten year old Joel Tart

finishing in first place for the half-mile run. Following the races, participants enjoyed an awards ceremony and a luncheon with CUSOM Head of Security, Eddie Holder, who was in charge of preparing the food.

Additionally, Dr. Matthew Hayes, Dr. Charles Smutney III, and several medical students provided osteopathic manipulative treatment to event participants after the competitions.

Local businesses made donations such as water bottles, first aid kits, t-shirts, race bibs, and gift cards

for the event participants. Because of the time, effort, and gifts given by volunteers and sponsors, the second annual Camels on the Run 5k raised over a thousand dollars for the Campbell University Community Care Clinic.

Top race finishers:
