

Project: APPLYING AND PROMOTING THE  
CONCEPT OF SUSTAINABLE DEVELOPMENT  
TO AD MARINA BAR – SUST-MARINA

Maritime Faculty, University of Montenegro

AD Marina Bar has been awarded the exclusive "Blue Flag" eco-label since 2017. Owned and run by the independent non-profit organisation Foundation for Environmental Education (FEE), the Blue Flag Programme works towards attaining sustainable development at beaches and marinas by having them meet strict criteria regarding their water quality, environmental education, information, safety, management and other services.

At the end of June 2017, the AD Marina Bar became the first marina in Montenegro to be certified with ISO 9001:2015 and ISO 14001:2015. TÜV Rheinland awarded the certifications.

In November 2017, AD Marina Bar has been awarded with three (3) gold anchors, obtaining this rating at the Gold Anchor Award Scheme program of The Yacht Harbour Association (TYHA), after relevant evaluation.

It is managed and administered jointly by  
The Yacht Harbour Association (TYHA)  
and the Marina Industries Association (MIA).
