SNOW TOSS OPEN-ENDED MAT

Cups and cotton balls not included, must be purchased separately.

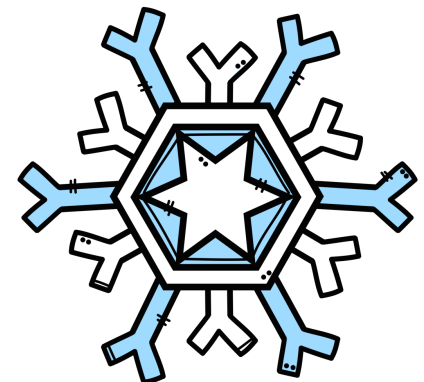

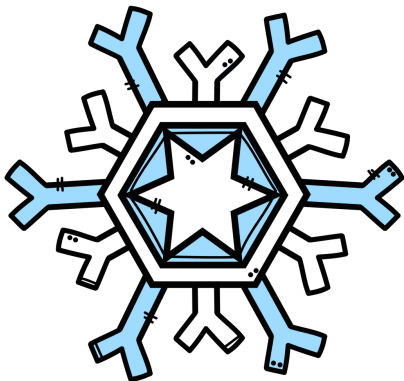

Materials Needed: Snow Toss mat, (10) 3oz cups, & cotton balls

This activity was designed to be a simple, open-ended activity to use with any speech and language objective. The students will practice an objective and toss snow balls (cotton balls) into the cups! See who can get the most in the cups!

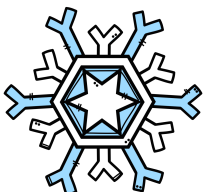

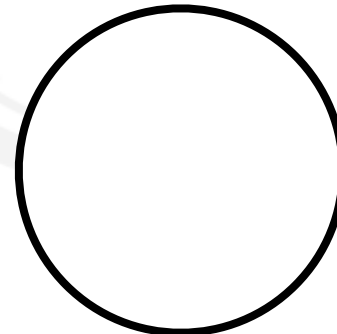

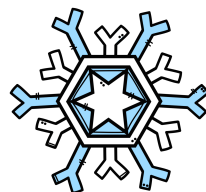

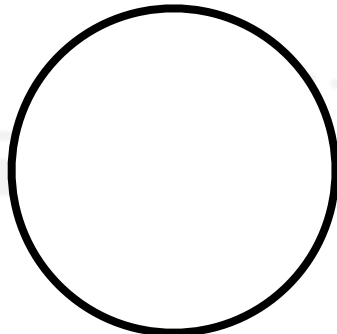

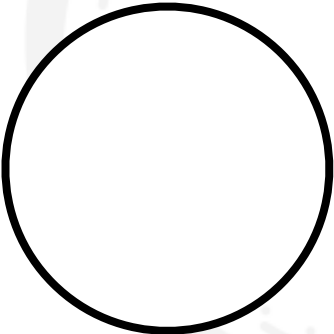

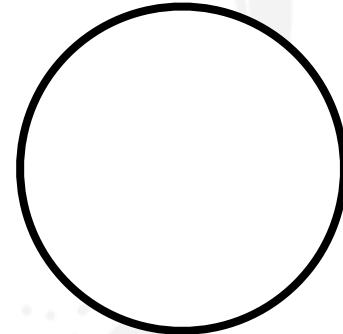

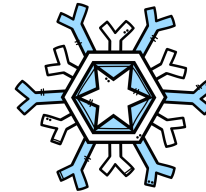

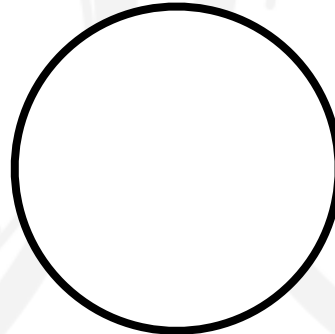

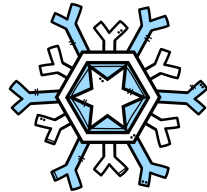

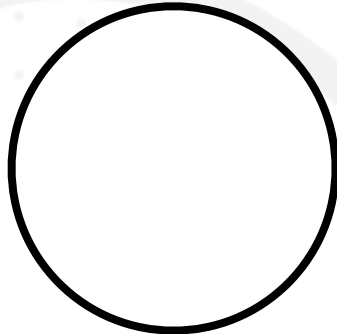

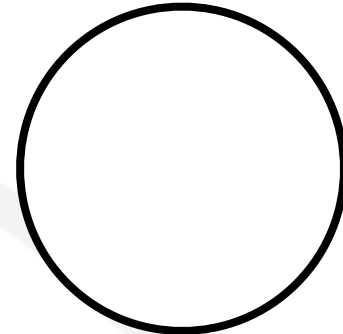

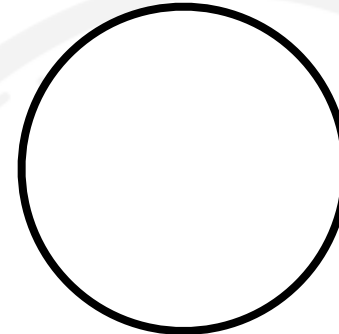

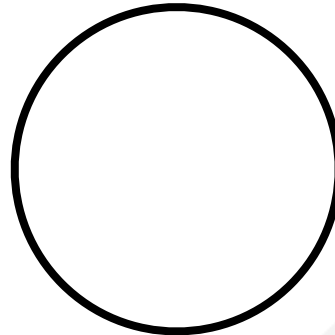

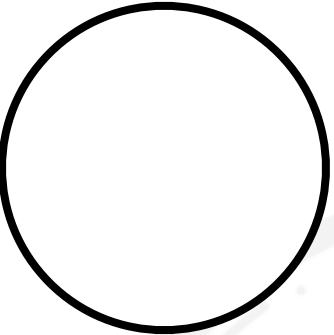

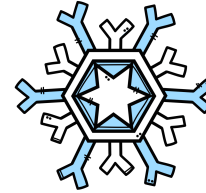

Assembly: Print the mat, set the cups up on the mat, and get the cotton balls ready. I laminate 3-4 mats to keep handy for group sessions.

I bought the cups on Amazon. 3oz cups can be found at most grocery stores (I prefer Dixie Brand) and cotton balls can be found at most stores too.

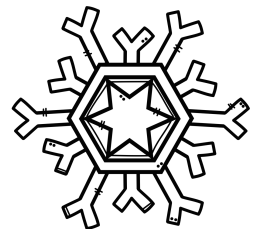

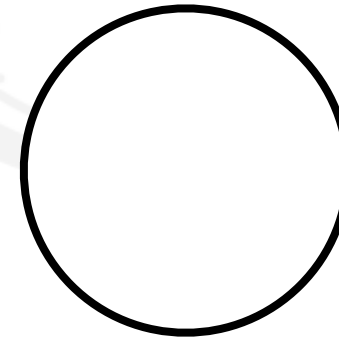

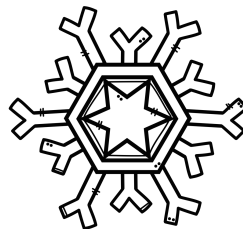

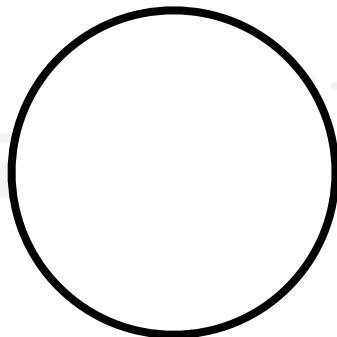

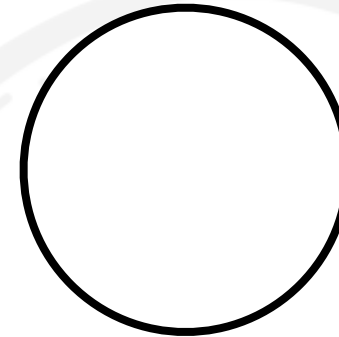

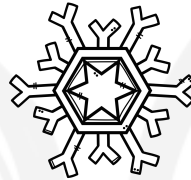

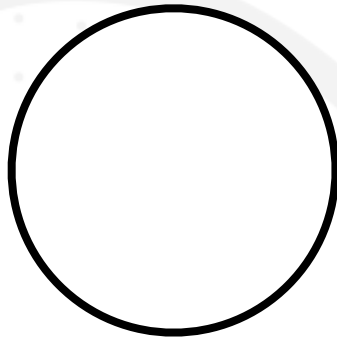

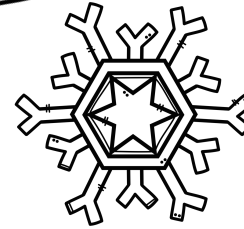

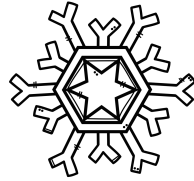

To use: Set the Snow Toss Mat across from the student and give them 10 cotton balls. I do this activity on the floor to allow more tossing space. Line up the cups over the circles on the mat. The student will practice a speech or language target and then toss a cotton ball to the cup. The object is to get as many cotton balls as you can in the cups per round. I suggest doing a couple practice tosses to gauge the distance needed for the mat.
