Q20 - We welcome your written comments below. What is something/are some things that the instructor does well, e.g., something you hope that the instructor will continue to do in the class in the future?

Faculty:	Flock, Holly S
Response Rate:	62.50% (5 of 8)
1	Perfect amount of communication
2	Holly is excellent! I hope she continues to provide the level of feedback she has been providing. Also, she (and the other instructional staff) are great at examining learner feedback to improve the course. It is greatly appreciated.
3	Holly has been a wonderful instructor for this pilot program. After a bumpy first semester she started the next one fresh with training activities to help guide our future peer reviews and revised resources that made the badge-earning process much easier to understand and proceed through. She provides ample support and feedback on our work and welcomes honest feedback herself.
4	Holly has been wonderful. She is responsive and helpful. I like that she creates and shares "How To" guides when multiple students have the same questions on how to do something.
5	Holly does a great job communicating with this group of students. She responds to questions within 24 hours, provides regular class announcements, and gives detailed feedback on coursework. She is the best instructor that this badge program has had, and I hope that she continues to work with this program.

Q21 - Make a suggestion(s) for improving the course (a criticism alone is not helpful; tell your instructor how you would fix any problem).

1	na
2	Overall the pilot program has improved greatly.
3	It would be great if tech badges counted towards our overall goal. However, I understand the point of the program is to be able to show knowledge in the primary competencies of the program. It would also be nice to be able to submit challenge work outside of the semester.
4	I would recommend having students start the program with practicing peer reviews and accepting constructive feedback. Those were my two biggest struggles in the beginning.
5	I would have to work really hard to come up with a criticism. I don't have one. Holly is excellent!
