Tony

Updates:-

Lift. Good news. The lift should be mended next week. This is far better than the company originally told us which was 12 / 14 weeks because the part required was not available in the UK and the Italian company closed down for two weeks holiday! However another search and a suitable part was located.

Development. The Governors have agreed that a Planning Application will be submitted for a three storey building and some bungalows. The residents most affected by the works have been seen and the details explained. Plans are available to view in the William House Foyer area.

Residents Meeting. This will be held when Tony returns from holiday.
