Next Row : Decrease 1 st at each end of next and following alt rows until you have 3 sts, Cast off.

Black centre make 2 alike

As 501 White but inc to 5sts

Top knot twist

Using 506 Red and 4mm needles cast on 8 sts.
Knit 10 cm in st st ending purl. Cast off

To Make up

There are many pieces to put together to create the parrot. Time and patience are required so work slowly and carefully.

Begin with the body and head. Sew the seam leaving the base open to stuff. The seam will run down the back of the body. Stuff quite firmly. Before finally closing thread a needle with apple yarn and beginning at the back seam, run the yarn in and out of every stitch all around the line where you joined the Apple yarn to Saxe, this is the neck line. Draw up the yarn quite tightly, forming the head. Secure firmly at the back seam. Now add extra stuffing if needed to the body and then close the remaining seam. Take the Apple top knot and place onto the centre of the head, sew in place adding a little stuffing to pad out slightly. Sew the bottom beak section to the top beak section. You need the top section to protrude in front a little when it is stuffed. Ease the pieces to fit as you sew them. Take the top beak section and pin in a semi circle shape onto the front of the face, look at the picture to give you guidance. Add stuffing and shape the beak, pulling the top section downwards to give a little point. Now pin the bottom section in place and shape the whole beak. Once you are happy with how it looks sew in place. Using black embroider two dots, one either side to depict the nose. Take the eyes and place a black centre onto a white outer eye. Sew in place. Using yellow yarn embroider a line around the black centre of the eye. Using white add a tiny accent to the black inner eye. Again, use the photo as a guide. Do the same with the other eye. Pin eyes in place on the face either side of the beak and stitch.

Let the twisted red topknot form into a cylindrical shape, then fold into over into a kind of bow shape. Sew to the back of the head.
To assemble the wings, take an apple base wing and overlap the feathers stitching them, working from the top down. Pin in place first to get a neat appearance. Use the photo as a guide. When you are happy with the look, stitch each feather at the top point to secure, then catch each feather together as you overlap them. Make other wing in the same way. Place the wings on either side of the body, making sure they both look level. Sew in place.
To make the feet fold a foot piece in half, stitch the side seams and then stuff lightly to give shape. Close the base. To make the indentations for the claws sew through from the base of the foot to two points, equally spaced on the top of the foot. Pull quite firmly to make the indent. Take the blue top of the foot piece and sew the side seam. You should have a little cup shape. Add some stuffing to this, pin onto the base of the body and sew in place all around. Do the same with the other piece. Now sew a foot onto each of the blue pieces. Look at the photo for guidance. Angle the feet outwards slightly so the parrot will stand. Take the large tail feather piece and fold in half along the picot line, sew the side seams. Stuff lightly to give shape. Sew the base together. Repeat with the small tail feathers. Place the small piece on top of the large piece and sew together at the base. Finally sew the tail to the back of the parrot. **
*NOTE ***As the yarn comes in 100g balls only small amounts of many colours will be required to make the toy.*
