

Travel information

Passport, Visa and Invitation Letter: Participants are advised to make their own arrangements with respect to entering the US. All delegates are requested to investigate what necessary documents and/or applications are required when travelling to the US. *Invitation letters will be available upon request.* Further questions concerning visas or travel documents accepted by the US can be addressed to the US diplomatic consular missions.

Customs: When bringing goods into the US there are limits set on certain commodities. If a certain amount is exceeded, duty must be paid, and the importer is required to inform customs of the amount of the commodity he or she is bringing in to the country. Please consult <https://www.cbp.gov/> for further information.

How to access Brooklyn

Airports and Transportation: Brooklyn is close to both JFK and LaGuardia airports. Attendees coming to LaGuardia airport are advised to use a taxi. Cab. Attendees arriving at JFK international airport can travel to the Tandon School of Engineering by subway or taxi. By taxi, the trip takes 30-50 minutes, depending of traffic, and the price can be over \$40. We advise using the Yellow cabs. When going by subway, the monorail (\$7) will take you to the A line station. Take the A line to Manhattan and exit at MetroTech station. If you are at the beginning of the train (recommended), exit through the right staircase, and NYU Tandon School of Engineering main building, Rogers Hall, will be in front of you. For **public transport within New York City area**, it is possible to buy a MetroCard that can be used for subway and bus. Please note that transfer between subway and bus is free. For example, if you had used your MetroCard to purchase a bus ticket and within 30 minutes transfer to a subway, you will not be charged when using the card to enter the subway station (and *vice versa*).

Different cards can be purchased in machines in all subway stations, using either cash or credit cards. If you are not living in America, and are asked for a zip code, kindly type 11201. For more information, please visit <http://www.mta.info/> .
