ELFM IV

4th International Symposium on
Enhanced Landfill Mining
5 - 6 February 2018
Belgium

Abstract deadline: June 15, 2017
More info: <http://elfm.eu>

ELFM seminar in EP

- Timing: Nov 2017 (TBC)
- RAWFILL contributes to answer some questions of the EP:
 - by mapping landfills and landfill situation
 - By contributing to a vision for landfills
 - New methods for ELM (e.g. geophysics)

COCOON

European Union
European Regional
Development Fund

Role of iCTV:
- Lead partner
Communication

COCOON objectives

Overall objective of COCOON is to develop, integrate and improve relevant regional policy instruments with regard to **landfill management**:

- the improvement of the existing soil policy including regulatory aspects to enforce landfill management implementation.
- the improvement of the ERDF operational programmes (OP).

COCOON partners
