**English version VPRO-Backlight documentary on Landfill Mining now available**

On Sunday the 30th of May the Dutch public television (VPRO-Tegenlicht) broadcasted a unique documentary on Urban and Landfill Mining, featuring the EURELCO General Coordinator (Peter Tom Jones) and several EURELCO Members (KU Leuven, Group Machiels) and Stakeholders (Umicore). The Dutch version can be viewed [online](#). The Landfill Mining part with English subtitles can be viewed [here](#).

Questionnaire on landfills, landfilling and ELFM in the EU

The general task of EURELCO Working Group 1 is to map landfills and ELFM initiatives in the different EU Member States. WG 1 has now finalized the questionnaire which should allow EURELCO to accelerate the mapping exercise with respect to information on landfills, landfilling policy and ELFM-approaches in the EU-28. Inspiration can be found in the EURELCO reports from Denmark and Flanders.
