Beyond beads

Melbourne jeweller e.g.etal - renown for its exquisite pieces such as Katheryn Leopoldseder's beaded necklaces - has begun work on a series of handcrafted beads that are truly one-of-a-kind.

E.g.etal owners Emma Goodsir and Ali Limb have asked jewellery designers to create a single bead that will be threaded onto neckpieces and auctioned as part of their Giving Beads project. Last year, they raised \$30,000 for the Whitelion youth charity. This year's proceeds will go to depression initiative Beyond Blue. Visit egetal.com.au for info. Helen Hawkes
