Dear Frank,

On behalf of the 200 young people in residential care at Marygrove, I wanted to thank you and the BC team for your invaluable partnership.

BC Construction made it possible for us to realize our vision of transforming a 50 year old convent into a multi-purpose facility for crisis and other residential care. During every phase of this project your team was dedicated and responsive professionals.

Thanks to BC Construction the Martha E. Jones Center is helping hundreds of young people more toward more stable, self-sufficient lives.

Sincerely,

Sr. Helen Negri, LCSW, BCCSW
