ANNUAL REPORT

2025-2026

Introduction

Established in 2008, **Lotus International School** has proudly continued its legacy of academic excellence and holistic development. Now in its 19th year of service, the school stands as a beacon of quality education in the Gurdaspur-Pathankot region. With over **750+ students** and a team of **dedicated educators**, the school is committed to fostering intellectual curiosity, creativity, and character in every learner.

Academic and Co-Curricular Achievements

In the session 2026-27, the school has excelled both in academics and extracurricular activities. Students of **Classes X and XII** once again delivered **stellar CBSE results**, with overall result above 90%. Notably, our students secured good ranks in competitive exams and scored seats in Government Medical Colleges and IIT's as well.

To support experiential learning, innovative teaching practices were adopted—ranging from digital classrooms and smart boards to hands-on science models, interdisciplinary projects, and field visits.

Integration of Technology in Education

The academic year witnessed a full-scale integration of **AI tools and digital learning platforms** to enhance classroom instruction. Students used platforms like **Google Classroom, Interactive Flat Panels, and Virtual Labs along with real full-fledged labs** as part of their curriculum. Teachers underwent regular professional development workshops to stay updated with evolving pedagogies and NEP 2020 goals.

Infrastructure Highlights

This session saw multiple upgrades to support a dynamic learning environment:

- **Smart Classrooms:** Few classrooms from Grade I to XII was upgraded with interactive smart panels.
- **Surveillance & Safety:** Additional high-definition CCTV cameras were installed, expanding security coverage to all corridors, entrances, and outdoor zones.
- **Wi-Fi Campus:** The school became fully Wi-Fi enabled, allowing seamless internet access for both students and teachers.
- **GPS-enabled School Transport** to track school buses in real-time was rolled out.

Student Development & Enrichment Programs

To ensure all-round growth of students beyond academics, the school organized a range of development activities throughout the year:

- **Subject Enrichment Classes:** Regular doubt-clearing and concept reinforcement sessions were held, especially for Grades IX to XII in key subjects like Mathematics, Science, and English.
- **Reading & Communication Skills:** Activities such as vocabulary challenges and storytelling sessions were conducted for primary and middle classes to enhance language proficiency.
- **Leadership Through Responsibility:** Students were encouraged to take on roles like class monitors, house captains, and prefects, fostering leadership and accountability under the guidance of teachers.
- **Health & Hygiene Awareness:** Special sessions on personal hygiene, nutrition, and physical fitness were organized as part of a focused awareness campaign.

Cultural & Sports Achievements

- Students showcased exceptional talent during **Cultural Fest – Lotus Carnival 2024**, which featured music, drama, and folk-dance competitions.
- The Annual **Sports Meet** was a grand success with participation in over 15 athletic and team events.
- Students represented the school at **district and state level competitions** in volleyball, kho-kho, and yoga.

Parent Engagement & PTA Initiatives

- Regular **Parent-Teacher Meetings (PTMs)** were conducted to strengthen communication between the school and parents, ensuring that student progress was consistently monitored and supported.
- **Community Awareness Drives** were proposed and initiated to promote values of civic responsibility, environmental care, and social well-being among students and families.
- The PTA recommended the introduction of **basic financial literacy** modules for students, including sessions on **stock markets, budgeting, and cyber safety**, aiming to make children more financially aware and resilient against online frauds.

School Management Committee Decision

More classrooms from Nursery to XII to be equipped with Interactive flat panels by next session.
