WHAT
Alameda Corridor-East Project contractors will demolish a vacant industrial building located at 4820 Durfee Avenue, immediately south of the railroad tracks on the northeast corner of Durfee Avenue and Stephens Street as part of the Durfee Avenue Grade Separation Project (see map above).

WHAT TO EXPECT
Traffic lanes on Durfee Avenue and Stephens Street may be temporarily impacted as needed to accommodate trucks for the demolition and hauling of materials. Access to local businesses will be maintained. Construction equipment will be located onsite during the demolition period. Waste service trucks will make approximately 10 trips per day from the site to their waste facilities to haul away construction debris and inert materials. Noise, dust and vibration will be monitored for compliance with applicable limits.

WHEN
The demolition will commence on Tuesday, April 2, 2019 and is expected to continue through Thursday, April 4, 2019. The dates may be subject to change depending on demolition progress and weather. Most work will occur weekdays between 7 a.m. and 4 p.m.
