

CAMPUS LIFE SERVICES

Interprofessional Student Learning & Service Initiatives

President's Student Leadership Institute

The President's Student Leadership Institute is a co-curricular certificate program designed to help students strengthen their leadership skills and career readiness. If selected, candidates can focus on one of six paths in which they attend seminars and perform community service. The current paths are: Career Development, Effective Leadership, Entrepreneurship & Innovation, Inclusive Leadership, Scholarly Research & Writing, and Integrative Health & Wellbeing. Once completed, students receive a certificate signed by the University President and an interprofessional medallion to wear during commencement ceremonies.

Online, evening, part-time, and Shady Grove students have the option of signing up for our Inclusive Leadership Online path. This path provides leadership and diversity education to non-traditional students within the UMB community.

Deadline to Apply:

Friday
SEPT. 20
