JOB OPENINGS

Professional Research Assistant for **Tribal Turning Point**

Location: **Phoenix, AZ**

The Colorado School of Public Health, Lifecourse Epidemiology of Adiposity and Diabetes (LEAD) Center has three openings for Professional Research Assistants (PRA)— one position at 1.0 FTE (40 hours/week), another position at 0.8 FTE (32 hours/week), and a part-time position at 0.2 FTE (5-10 hrs/wk). **The work location will be Phoenix, Arizona.**

These positions will support the randomized controlled trial (RCT), Tribal Turning Point (TTP). TTP is a five-year, multi-site RCT study funded by the National Institute of Health that will rigorously evaluate the effect of TTP, a newly developed behavioral intervention for American Indian (AI) child-parent dyads, on diabetes risk factors in 300 children who are overweight or obese, 7-10 years of age, and living in urban (Phoenix, AZ) or rural (Shiprock, NM and Chinle, AZ) communities served by the Indian Health Service.

Please select the links below for more information on each position and to access the job application.
