

MCH-Link Program Spring 2017 Courses

(1/23/17 – 5/19/17)

University of Colorado Anschutz Medical Campus
Colorado School of Public Health

1. Intimate Partner Violence: Epidemiology, Theory and Prevention

Instructor: Dr. Ashley Brooks-Russell, PhD, MPH

Course Delivery: Online, 1 credit hour

The goal of this 1 credit hour course is to review the topic of intimate partner violence, with an emphasis on prevention and public health practice. Topics will include: definitional issues and critiques of measurement of partner violence; overview of epidemiology, including youth and special populations; commonly used theories for etiology and prevention, with special attention to gender perspectives; and evidence-based prevention and treatment strategies.

2. Introduction to Sexual and Reproductive Health

Instructor: Dr. Sheana Bull, PhD, MPH

Course Delivery: Online, 1 credit hour

This graduate level one credit course is intended to introduce students to the biology of human sexuality and reproduction, components of healthy sexual relationships, prevention of sexually transmitted infections and fertility control, and issues related to sexual orientation.

3. Maternal Nutrition

Instructor: Dr. Penny Bennett, PhD, MPH, CNM

Course Delivery: Online, 1 credit hour

This 1-credit graduate-level course will be offered online by the MCH-Link Program and provides an overview of nutrition issues which may affect pregnant and breastfeeding women. Using a life-course perspective, the course integrates clinical information with public health practice, and also provides insight into the impact of traditional dietary practices during this vulnerable period.

4. Childhood Obesity

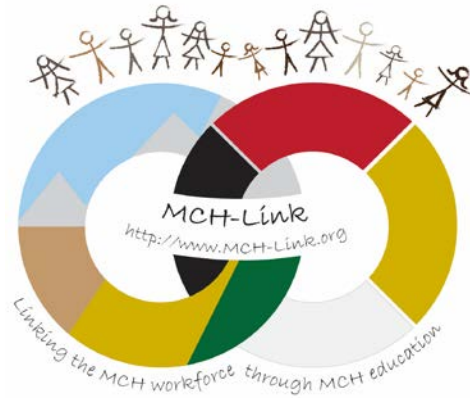

Instructor: Dr. Heather Aldrich, PhD

Course Delivery: Online, 1 credit hour

Prerequisite: CBHS 6670 Nutrition and PH, or a basic nutrition course at the undergraduate or graduate level

This 1-credit graduate-level course will be offered online by the MCH-Link Program and provides an overview of childhood obesity assessment, prevention, and treatment. Key childhood obesity topics, behavioral counseling theories, frameworks and challenges will be covered within the context of public health.

See Next Page for More Fall 2017 Courses!

5. Nutrition and Public Health

Instructor: Dr. Kirsten Black, PhD, MPH, RD

Course Delivery: Online, 1 credit hour

This 1-credit graduate-level course will be offered online by the MCH-Link Program and begins with an overview of nutrition and its relation to health and disease. Students will learn to evaluate public health nutrition research and address theories and frameworks, food insecurity, food policies and regulations, and federal nutrition programs.
