Association of County and City Information Systems
Membership Registration Tips

- We know many of you do not have a work credit card, we don't either. If this is true for you, we are asking that you consider using a personal credit card and get reimbursed from your organization. ***Your volunteer board thanks you!***

- The first person to sign up for an agency must pay the membership fee for their agency.

- The confirmation email will contain a link that needs to be forwarded to every person in that agency that wants to sign up as an associate member at no-charge.

- There is no limit on the number of associate members; however… each membership must be entered separately.

- Each associate member who receives a link from that agency's primary member must follow the link to a no-charge registration page and fill out the registration.
