# CLEAR HMTL

Heavy metals can enter your body through your food, water, and even the air that you breathe in. Certain types of minerals, such as zinc and copper are good for your health. However, constant exposure to toxic heavy metals can lead to toxicity build-up. According to the 2013 National People's Congress special investigation group, about 30% of the Pearl River Delta Region is polluted by Heavy Metal. Problem with excessive mercury is the most severe, followed by cadmium and arsenic. In Hong Kong, about 90% of vegetables are imported from Mainland China. The most common harmful heavy metals found in Hong Kong are Mercury, Lead, Cadmium, Arsenic and Aluminium.

Symptoms of heavy metal poisoning include nausea, vomiting, diarrhea, abdominal pain, seizures, leg pain, confusion, headache and fever. Moreover, skin problems, backpain, chronic fatigue, joint pain, headache, thyroid problem and depression are also may also be related to heavy metal poisoning.

CLEAR HMTL is a novel formula designed to naturally enhance the body's clearance of specific heavy metals that negatively impact health and vitality. It offers specialized nutritional support designed to enhance liver detoxification activities. CLEAR HMTL helps to reduce the amount of heavy metals present in your body.
