What I talked to Ashby about was the permanent fence that is supposed to be 15k. If they are doing the temp fence, then yes we need to cover that.

Charlene/Rob - Girls Softball was told they had to pay for their own outfield fence, at the cost of \$1897.19 Is this accurate? I can't imagine they would be asked to pay for their own fencing, nor do I think that they should be expected to.

Kelli Kaebler was told that I knew about this, but I was not aware.

The General Athletic Fund has close to \$10K from stadium chair sales and physical night, and I think it would be appropriate for the funds to come from there and not the parents.

Please advise.

So just to be clear, when you say yes we need to cover that, is the site budget (Julie) covering that temporary fence? Is the permanent fence paid for by the district?

I will work with them on the permanent fence for the future once I figure out what field space we realistically have for soccer now that we have the new field (by JV softball) open. For this year I want to go with the temp fence. If we can take that out of the Foundation athletic budget, that would be great.
