

Holy cow! I've launched a business!

This March, take advantage of your friends and family 20% discount!

Greetings!

First and foremost, I am thankful to have you in my life!

I wanted to share the exciting news that I've started a business creating custom, heirloom-quality albums detailing the lives of YOU! Albums are leather bound, filled with thick, photographic paper containing stories and photos you can treasure forever. Whether it is about a parent, grandparent, child, or even beloved family pet, let us create a keepsake you can pass down to future generations.

Perfect for Gifts!

What do you buy the parent or grandparent who has everything? How about the gift of his or her legacy! We can create the perfect Mother's / Father's Day present, milestone birthday or anniversary gift that can't be found in stores.

To top it off, I'm giving a 20% discount to all you friends and family who sign up for a book this month!

Please add nora@memoirforme.com to your address book to ensure you receive emails from us!
