Visit us at an upcoming craft fair or summer festival!

#### Greetings!

First of all, thank you for your continued interest and support for Memoir for Me. This whole business launch has been a rollercoaster, but one that has been made easier and a lot more fun with the support of friends and family.

Along with this heat and customary rain showers, spring has brought Memoir for Me writing workshops to local library branches and senior centers in the Chicagoland area. I've had the pleasure to work with and be inspired by many people who understand the importance of documenting their lives or the lives of those they love. *Though I would love all your business,* I'm here to encourage anyone to capture their own life story - with or without my help! Visit the [Workshop](#) pages of our website for upcoming dates or to schedule one for your work or social group.

## Featured Story: Dax Weitekamper

Dax Weitekamper has a pretty cool mom. She's done what many parents wish they remembered to do; she's written down all the funny things her son has said in his early years. Better yet, she let Memoir for Me compile all these funny sayings into a surprise book for Dax's dad!

Dax (age 3-5) on the passage of time:

*"Sometimes we have little days."*

*"I think the moon has gone home."*

*"Kids get taller and taller, but adults get fatter and fatter, right?"*

Thanks to Shannon for letting us create this fun book!
