

# MOB GRAZING

## WORKSHOP

WITH IAN MITCHELL-INNES

FRIDAY, APRIL 20TH, 2018

9:00 A.M. - 5:00 P.M.

8916 BROOKSHIRE RD, ABBEVILLE, LA 70510

Ian Mitchell-Innes has been practicing holistic Management for 20 years on his ranch in South Africa. He has made mistakes and wishes to share with ranchers and farmers how to avoid costly mistakes. He teaches farmers and ranchers how to “Feed the Whole” – Soil surface, sub soil, grass, and animal, using animals at high and ultra high stock density (Mob Grazing.)

### AT THIS WORKSHOP YOU WILL LEARN:

- How to start (simplified grazing planning)
- How to maintain and improve animal performance
- Reduce inputs
- Reduce the effects of drought
- Reduce the effects of floods
- Grow more grass
- Grow better grass to capture more energy
- Produce more pounds of beef/lamb per acre
- Plan and improve profits
- Add value to cover-crops, with the inclusion of animals

REGISTRATION - \$100/PERSON
