

# How much time do you spend on operational tasks?

Your time is valuable, and for most advisors, that valuable time being wasted. The old standard for operational tasks is no longer necessary.

Fusion Elements has set the new standard, and provides advisors with **Operational Alpha**, giving them the time to focus on growing their business.

Here are some examples of time frames to expect on operational tasks, from open to completion, end-to-end.

## Current Standard

15-20 minutes

15-20 minutes each

10 minutes

5 days

14 days

20 days

45-60 days

100%

## Common Ops Tasks

Opening A Single New Account

Opening Multiple New Accounts

Account Distributions on Tickets

Reallocation of Accounts

Account Service Wizards

Annuity Feeds Recoding

Transitions

What would you do with 66% more time?

## Fusion Elements
