LA PASSIONE

The ancient Popular Theatre Committee of Sordevolo Passion, founded in 1816, has been replaced in 1991 by Sordevolo Popular Theatre Association, an independent non-profit organization, aiming to preserve, perpetuate and to hand down this tradition, which dates back to the origins of this small community, expression of an olden-day subalpine culture.

Special focus has to be placed on the deeply free and independent spirit of this genuine local culture and on the great involvement of the modern heirs of this tradition, who face the various aspects of the staging, merely through local human resources and techniques: overall organization, costumes and setting making, scenery plan, direction, drama school, stage setting.

The Path to Rome

Day 1

Arrival in Milan Malpensa. Meet Tour Director and transfer to Oropa Sanctuary. The Oropa Sanctuary is the most important and largest Sanctuary dedicated to the Virgin Mary to be found in the Alps. It is situated in a unique, natural and unspoiled setting at 1200 mt. Upon arrival in Oropa there will be time to freshen up. Afternoon depart to Biella for a walking tour of this Medieval village. Free time to walk around and enjoy a pizza lunch (on own). Return to Oropa. Dinner at Sanctuary

Day 2

Breakfast at the hotel. Today enjoy a full day excursion to Torino. The highlight of this visit is the Chapel of the Holy Shroud located in the Cathedral of St. John, where you will view the authentic Holy Shroud. We also will have the chance to visit the National Cinema Museum. And yet it's not a museum. At least not in the traditional sense of the term. Those who have already visited it understand what we mean. And those of you who are planning on visiting it will be surprised to discover what a special and unique place it is.

The Museum is one of the most important of its kind in the world, thanks to a vast collection and to

Sordevolo

many different scientific and educational activities. But what makes it truly unique is its special exhibit setup. The museum is located inside the Mole Antonelliana, a bizarre and fascinating monument which is the skyline symbol of the City of Torino.

The Swiss set designer François Confino created with talent and imagination, multiple museum's itineraries. His creativity offers spectacular presentation for the visitors continuous and unexpected visual and acoustic senses, just like when we watch a movie that involves and moves us. The Museum is more than a museum and whoever enters it isn't just a visitor but also an explorer, an author, an actor, a spectator... to whom the Museum offers the emotions of an experience we hope won't be easily forgotten. Return to Oropa for dinner and overnight

Day 3

Breakfast at your hotel. Today we depart for the Ricetto di Candelo, a medieval fortified village built between the 13th and 14th century to protect food supplies as well as the farmer's possessions in moments of extreme danger. Return to Oropa for a guided tour of the Sanctuary, and some free time. Depart for Sordevolo. Enjoy dinner at a local restaurant before we attend the Passion Play performed by actors of the village. Return to Oropa.

Day 4

Breakfast at your hotel. After breakfast we leave Oropa for Florence where we stop for a walking tour. You'll stroll through the historic streets of the city to arrive in the Square of the Duomo, to learn the secrets of Giotto's Bell Tower and discover the beauty of the Baptistery with its golden bronze doors. Next, we visit the Accademia Gallery, famous for its David by Michelangelo. After the tour, continue to Pistoia for dinner and overnight.

Day 5

After breakfast, we depart to Siena, a UNESCO world heritage site and a guided tour takes us through its most important sites, from the Basilica of St. Dominic, where Saint Catherine relics are located. We see the headquarters of Monte dei Paschi, the oldest bank in Europe, Tolomei Square and the Cathedral of Our Lady of the Assumption which is a superb example of gothic architecture with rich art patrimony left by artists such as Michelangelo, Donatello, Bernini and Nicola and Giovanni Pisano. We

Sordevolo

end at Campo Square, famous for the Palio, (horse race through the old town). Return to Pistoia for dinner and overnight

Day 6

Morning departure to Assisi. Famed as the birthplace of Italy's Catholic patron saint, St Francis of Assisi, the sleepy little town documents all the highs and lows of his life. On a walking tour, see the stall where he was said to be born, his childhood home, and the spot where he pledged his life to his vocation. Hear of the town's other, lesser-known saint, St Clare, who became one of St Francis' first true followers. Our journey will continue to Rome where after check-in and some rest you will have dinner at your hotel.

Day 7

Breakfast at hotel. This morning enjoy a tour of Classical Rome. Our tour begins with a stop at Trevi Fountain, one of Rome's most spectacular sites. Hidden in a tiny piazza, this marvelous spectacle of marble and water has been featured in several films. Most can't resist the temptation of throwing a coin in the fountain, which ensures a return to Rome! We continue to the Pantheon, one of the best preserve monuments of antiquity. Its harmonious design, fashioned after a Greek Temple, is capped by a magnificent dome, a supreme achievement of Roman architecture. Our next stop is Piazza Navona, known as the heart of Rome.

The current piazza actually traces an ancient stadium and contains Bernini's beautiful "Fountain of the Four Rivers". It is the perfect place for an evening stroll or to sip a cappuccino while "people watching". Free time at leisure. Dinner at your hotel and overnight

Day 8

Breakfast at the hotel. Our morning tour will highlight the ancient and modern aspects of this cosmopolitan city. Don't be alarmed by the hectic pace of modern Rome; it's all part of what makes this vibrant city so remarkably unique! From our motor-coach we will see Rome's ancient past; the monument to Vittorio Emanuele

in Piazza Venezia; the Roman Forum, the civic heart of Imperial Rome; the Arch of Constantine and Circus Maximus. We'll stop at the Coliseum, the most famous monument of ancient Rome and an impressive testament to its past greatness. One can still imagine the roar of the crowds watching fierce gladiator fights. We continue our drive alongside the banks of the Tiber River for an incomparable view of Rome's oldest and most authentic sections, passing the Synagogue, Theater of Marcello, Tiberina Island and Castel Sant'Angelo, the fortress that for hundreds of years guarded the Vatican. Balance of the day free. Dinner included at the hotel.

Day 9

Breakfast at the hotel. We depart our hotel this morning for a very special, privately guided tour of the priceless collection of art, maps and tapestries of the Vatican. We'll tour Raphael's rooms, decorated with frescoes by the artist Raphael, whose

Sordevolo

paintings inspired the revolutionary Renaissance style. But the highlight of our tour is the Sistine Chapel, where Michelangelo's famous frescoes are to be seen in new splendor after the recent renovation. The scene on the ceiling is literally a painted Bible with the story of humanity, a task that took four years of mental and physical anguish. The scene of the "Last Judgment" painted 30 years later behind the main altar, is a powerful and dark expression of the moment of final judgment. We return to our hotel, where the balance of the day is free, to enjoy your last roman discovery or last minute shopping. Farewell dinner at a local restaurant.
