3. **Information on the Grant Award updating the Coordinated Human Services-Public Transportation Plan (CPTP) as part of a Tri-County effort with Amador and Calaveras Transportation Planning Agencies**

This grant was submitted and awarded to the Amador County Transportation Commission (ACTC), however the funding is inclusive of updates to the Coordinated Plans for all three Counties. As a result ACTC will be the lead on the project with Calaveras and Tuolumne regional agencies being sub-recipients. The total grant award is \$110,490.

The Coordinated Plan is a requirement for Federal Transit Administration (FTA) funding. Transit investments must be detailed in this document to be eligible for FTA grants. The coordination plan is designed to be an inclusive process that searches for opportunities to maximize efficiencies between human services agencies and transportation providers.

These plans are typically updated every five (5) years. The fiscal commitment of the effort is staff time, primarily for the Senior Transportation Planner and \$5,000 in Local Transportation Funds. Staff will be issuing progress updates on the effort as it process moves along.

The plan is projected to come before the TCTA for approval in October of 2019.

The route serves the communities of Jamestown, Columbia, downtown Sonora and parts of east Sonora along Mono way as far as Hess drive.

The schedule-brochure is included in the agenda material for review. The route runs on a one and a half hour loop beginning at 8:30am and running through 10 pm. This route is designed to serve many of the destinations that Sonora and Tuolumne County have to offer including:

- Railtown and Columbia State Parks
- Walmart
- Sonora, Jamestown, Columbia Downtowns
- The Junction

The service is being funded with Low Carbon Transit Operation Program which is a fund financed through the carbon market created by the California legislature.
