Tyler Summersett
Tuolumne County Transportation Council/Transit Agency
TSummersett@co.tuolumne.ca.us

Dear Tyler,

The Tuolumne County Visitors Bureau (TCVB) is proposing a collaboration with the Tuolumne County Transportation Council to provide a pilot program that is a Free Saturday Trolley Service for Tuolumne County residents and visitors from Memorial Day through Labor Day. On holiday weekends the trolley will run on both Saturday and Sunday.

The TCVB envisions a service that will:

- Alleviate parking issues during peak summer hours
- Alleviate traffic issues during busy summer months
- Get visitors moving around the County to discover more
- Provide a safe ride for those who want to go wine and cider tasting
- Have a captive audience of visitors who will receive information on the trolley about year-round events, giving visitors reasons to return
- Connect Tuolumne County communities
- Provide insight on Tuolumne County History and Happenings by possibly having a step on docent

The TCVB will work hand in hand with the TCTC to create a route that will make the most sense for all involved including riders and businesses.

Please advise next steps to help make this vision a reality!

Thank you,

Lisa
