Subject: Tuolumne County – SHOPP Project Priority Candidate List

Dear Mr. Agar,

With the passage of SB1 in April 2017, the SHOPP program funding as increased by \$1.9 billion per year. We have attached our list of high priority SHOPP candidate projects for consideration in the SHOPP Program. These priority projects have been developed in consideration of updated accident history, operational needs, and ADA access needs. These projects will facilitate a balanced multi-modal transportation system consistent with the California Transportation Plan and the California Assets Management Plan. We request that Caltrans District 10 review and analyze TCTC's list of SHOPP candidate projects and consider a project initiation document (PID) for these projects in preparation for the SHOPP Program. We appreciate Caltrans commitment to rehabilitating and improving the State Highway Corridors in Tuolumne County.

If you have any questions about our SHOPP candidate projects feel free to contact me at 209-533-5583.

Sincerely,

Darin Grossi
Executive Director
