TUOLUMNE COUNTY TRANSPORTATION COUNCIL

Request for Proposals to Conduct Performance Audits
Addendum No. 1

Date: October 12, 2016

To: Proposers

Subject: Responses to Questions on the RFP to Conduct Performance Audits

The Tuolumne County Transportation Council (TCTC) issued a Request for Proposals (RFP) to seek proposals to conduct triennial performance audits of the TCTC and Regional Public Transit System. The RFP documents are available on the TCTC website at www.tuolumnecountytransportationcouncil.org.

Questions regarding the RFP were accepted through October 5, 2016. This Addendum No. 1 provides responses to written questions received by that date.

Question No. 1: "Should FAR rates be applied to this project?"

Response: The acronym "FAR" was not defined in the question. If "FAR" is related to the Federal regulation regarding audited overhead rates, our response is that each firm should determine whether their overhead rates require such an audit.

Question No. 2: "Regarding Q7—Consultant Qualifications and References: question asks for projects previously conducted by the consultant which are related to the work described within this RFP. Can you please provide some parameters (e.g. most recent 10 or 20 projects, limited to California projects, etc.) around this request since a raw list would overwhelm our proposal?"

Response: Please provide examples related to the work described within this RFP that are within the last five years, with a minimum of three examples.

This Addendum No. 1 is now posted on the TCTC website. Proposers are responsible for reviewing all addenda and providing acknowledgement on the form provided in the RFP documents, and including that form with their proposal. As a reminder, proposals are due by 2:00 p.m. October 26, 2016.
