Re: Restano/Stewart/Mono Crosswalk Project

Dear Darin:

Due to project constraints associated with constructing the Restano/Stewart/Mono Crosswalk Project the City will not be moving forward with this project. The City is hereby requesting that the \$25,000 in Bic/Ped LTF funds currently allocated to the project be reallocated to reimburse the State for City costs related to the Sonora Park n Ride Project in the amount of \$10,734. The City was not able to secure the property and therefore the project cannot proceed. The City request that the remaining \$14,266 be allocated to the Dragoon Gulch Trail Project.

Very truly yours,

Timothy A. Miller
City Administrator
