17, 30 & 47 MILE ROUTES IN THE STANISLAUS NATIONAL FOREST

The Groveland Trail Heads mountain biking club debuts its first cycling event: an adventure ride on mixed terrain (broken asphalt/pavement, hard packed dirt, some gravel) in the majestic Stanislaus National Forest with three routes to choose from for cyclists of all skill levels. All three routes are truly unique as they are very close to the border of Yosemite National Park. A post ride party will top off the day, complete with food, beverages (yes, beer!) and a raffle.
