Re: Notice of Rejection of Bids

Thank you for submitting a proposal for the Tuolumne County Transportation Council (TCTC) Changeable/Variable Message Sign project. We received two proposals on the project. One proposal was considered “non-responsive”.

The other proposal is over the budgeted amount for the project. As a result, the TCTC is rejecting the bids. The TCTC appreciates your interest and looks forward to your participation when we request solicitations for future projects.

The Council further directed staff to rebid the project at staff’s earliest opportunity.

Sincerely,

Michael Ayala
TCTC/TCTA Chair
